Dropout prevention is a major concern for Poplarville School District, the State of Mississippi, and the Nation. In response to this concern, the Poplarville School District has initiated ONE You. ONE You is the district wide Dropout Prevention Plan.

ONE You addresses dropout indicators of concern for our district. ONE You will promote the following initiatives:

ONE Day – Encourages attendance in school as a critical dropout prevention strategy;

ONE School – Provide a safe and healthy school climate with a supportive atmosphere that encourages students to stay in school;

ONE Staff – Ensures a highly qualified staff that understands and addresses the diverse needs of our students;

ONE Community – Motivates parents, community, and schools to support the efforts of our student;

ONE Hornet Nation – Promotes academic success of all students.

Students, parents, staff and community are invited to actively participate in our ONE You initiative as we strive to decrease the number of students who dropout and increase the number of students who graduate.

District Parent and Family Engagement Policy
Poplarville School District
2019-2020

In support of strengthening student academic achievement, Poplarville School District receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116(a)(2) of the Every Student Succeeds Act (ESSA). The policy establishes the district's expectations and objectives for meaningful parent and family engagement and describes how the district will implement a number of specific parent and family engagement activities.

Poplarville School District agrees to implement the following requirements as outlined by Section 1116:

- The school district will put into operation programs, activities, and procedures for the engagement of parents and family members in all of its schools with Title I, Part A programs. These programs, activities, and procedures will be planned and operated with meaningful consultation with parents and family members of participating children.
- Consistent with Section 1116, the school district will work with its schools to ensure that the required school-level parent and family engagement policies meet the requirements of Section 1116(b) of the ESSA, and each include as a component a school-parent compact consistent with Section 1116(d) of the ESEA (Elementary and Secondary Education Act).
- In carrying out the Title I, Part A parent and family engagement requirements to the extent practicable, the school district and its schools will provide full opportunities for the participation of families with limited English proficiency, limited literacy, disabilities, of migratory children, who are economically disadvantaged, or are of any racial or ethnic minority background, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format including alternative formats upon

request and, to the extent practicable, in a language families understand.

- If the district plan for Title I, Part A, developed under Section 1112 of the ESEA, is not satisfactory to the families of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the state department of education.
- The school district will be governed by the following definition of family engagement and expects that its Title I schools will carry out programs, activities, and procedures in accordance with this definition in Section 8101 of the ESSA:

Family engagement means the participation of families in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) families play an integral role in assisting their child's learning;
- (B) families are encouraged to be actively involved in their child's education at school;
- (C) families are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child; and
- (D) other activities are carried out, such as those described in Section 1116 of the ESEA.

Description of how the district will implement the required district parent and family engagement policy components:

JOINTLY DEVELOPED

Poplarville School District will take the following actions to involve parents and family members in jointly developing its LEA plan under Section 1112, and the development of support and improvement plans under paragraphs (1) and (2) of Section 1111(d) of the ESEA:

- There shall be, at a minimum, an annual meeting for all Title I parents of participating students to provide input into the planning of the program.
- All policies relating to the Title I program will be made available to parents on the district website and student handbook.

- Parents will be given the opportunity to participate in the design, development, operation, and evaluation of the program for the next school year and to participate in planning activities, to offer suggestions, and to ask questions regarding policies and programs.
- Title surveys are conducted each spring to gather input from all stakeholders.
- Plans will be posted on the school website with copies available at each school.

ANNUAL EVALUATION

Poplarville School District will take the following actions to conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of this parent and family engagement policy in improving the academic quality of its Title I, Part A schools. The evaluation will include identifying barriers to greater participation by families in activities (with

particular attention to families who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The evaluation will also include identifying the needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers and strategies to support successful school and family interactions. The school district will use the findings of the evaluation about its parent and family engagement policy to design evidence-based strategies for more effective family engagement and to revise, if necessary, its parent and family engagement policies.

- Parents will be encouraged to give comments and evaluation of the educational activities provided by these programs.
- An annual assessment of the parent involvement program shall be conducted to determine program effectiveness and to provide information for needed modifications of the programs. Surveys will be sent home with each student in the district and it will be made available for online completion.
- Survey data will be summarized and shared with each school for planning purposes.

RESERVATION OF FUNDS

Poplarville School District will involve the parents and family members of children served in Title I, Part A schools in decisions about how the 1 percent of Title I, Part A funds reserved for parent and family engagement is spent and will ensure that not less than 90 percent of the 1 percent reserved goes directly to Title I schools.

- Parents are invited to serve on each schools council and give input to the allocation of parent and family engagement funds
- The allocation of funds will be discussed at the LEA annual Title meeting.
- Surveys and feedback forms will be provided to allow for input in how funds are utilized.

COORDINATION OF SERVICES

Mississippi College and Career Readiness Standards

Mississippi has embarked on a Mississippi College and Career Readiness Standards. The Mississippi College and Career Readiness Standards is a state-led effort to establish a single set of clear educational standards for English-language arts and mathematics that these states will share and have voluntarily adopted. These standards are designed to ensure that students graduating from high school are prepared to go to college or enter the workforce and that parents, teachers, and students have a clear understanding of what is expected of them. The standards are benchmarked to international standards to guarantee that our students are competitive in the emerging global marketplace.

The district office should be contacted for transfer information. The number of credits that may be awarded for a year of homeschooling after passing PHS exams is limited to a total of 8 per year, the total number that a PHS student may earn in a year.

Tuition of Non-Resident Student

The Poplarville Special Municipal Separate School District will accept, on a tuition basis, the enrollment of nonresident students from the order of placement on a waiting list if classroom space is available and if such placement does not cause the District to exceed mandated class size maximums or incur additional costs. Each request for admission must be voted on by the Poplarville School Board. Tuition cost is \$1,500.00 per student each year. No refunds will be made if student withdraws during the school year. Non-resident students must meet the Poplarville School District policy requirements. Tuition cost is not prorated.

Verification of Student Residence Required

Policy requires that all school districts must absolutely verify a student's residency before the student may legally attend a school in the district. Therefore, when a student enrolls in a PSD school, verification of residency is required as part of the enrollment process. All students are required to re-verify their residency each year. Verification of residency must be completed before a student receives a schedule or room assignment. NOTE: Withdrawal/re-enrollment to the same school and/or transfer to another school in the district will necessitate new verification of residency.

Residency may be established in the following manner:

The parent or legal guardian **must** provide the school district with at least two (2) of the items numbered 1-6 below as verification of their address, except that any document with a post office box as an address will **NOT** be accepted. The two proofs must verify the EXACT same address as the student's primary residence and be current.

1. Filed Homestead Exemption Application form for the student's primary residence.
2. Mortgage document or property deed for the student's primary residence (A bill is NOT an acceptable document. An acceptable document will contain the land description of the student's primary residence).
3. Notarized apartment or home lease where the student resides.
4. Utility bills (Water, Electricity, or Gas – NO PHONE BILLS). Bills must be dated within one month of verification of residency. A physical service address must be visible and within 30 days of registration. NO PO Box numbers will be accepted.
5. Current valid driver's license showing residence property address.
6. Current valid automobile registration – Name and physical address must be valid – A car title is not a valid proof.

A notarized affidavit and/or an unscheduled personal visit by the school superintendent and/or designee may be used to establish a homeless situation. The notarized affidavit must be presented with 2 proofs of the residency from 1-6 above that verify the same address as the host resident.

Student Change of Address or Other Personal Information

The importance of having emergency information for each student cannot be over-emphasized. Parents must notify the school when there is a change in emergency information or address. Custodial parent/guardian must come to the school in person in order to change any information.

If you move within the school district, you must notify the school office of the new address, phone number, and complete the verification requirements again. The school district must have at least two proofs of residency for verification. A post office box number will not be accepted.

School Records

When a student transfers, student records will be sent to the transfer school after a proper request has been received from the school. A student or his/her parents/guardians may view personal school records upon request to the principal. Transcripts of student records will be released to other agencies if students or parents/guardians sign a written request, according to state law and/or federal regulations. Section 37-7-301 of the Mississippi Code authorizes local school boards to hold parents and legal guardians responsible for the cost of textbooks which are damaged or not returned to the school. If a textbook is lost, damaged, or not returned by a student, the parent or legal guardian must compensate the district for the replacement cost of the book. All book fines must be paid before a student can receive textbooks the following year.

2. Gifted Education Programs

Programs for students who are identified as intellectually gifted are available for students in grades 2-6. These programs require unique, different educational experiences which are not available in the regular classroom and are designed to enable gifted students to realize their abilities and potential contributions to self and society. Lab fee may be charged.

Use of School Telephones

School telephones are business phones. Students will be allowed to use school phones in cases of emergencies.

English Learners (EL)

The Poplarville School District has policies and procedures that fully address concerns of its EL population. The EL plan can be found on the district web-page.

Athletic Lockers

Lockers are available for student use and are considered to be school property. Lockers are subject to inspection and/or search at any time by school officials. Students should not expect individual privacy in the use of a school locker.

Further, lockers are subject to the same care as other school property and are not to be defaced. Students are prohibited from writing on locker doors and walls or placing permanent stickers, pictures, or other decals on the locker.

Lockers are to be kept neat. At the end of the year, students are expected to remove all personal belongings and to clear the locker for student use the following year.

The school district cannot be responsible for any personal item belonging to an individual student being stolen from a locker. If promptly reported, the principal/coach will, within his/her ability, assist the student in locating the lost or stolen property. Students are strongly discouraged from keeping valuables in lockers, including money, jewelry, or special personal belongings.

Messages to Students From Parents/Guardians and Others

Phone messages will not be accepted for students. If you are unable to send a note with your child, you must come to the office in order to leave a message for your child. possessions with proper identification. Students must leave personal possessions, not needed for school, at home. This includes such items as toys, electronic devices, trading cards, etc.

Electronic Device Policy

Electronic devices including but not limited to cell/smart phones, iPods, MP3 players, electronic books and other such devices are not allowed. The electronic device, including cell phones, will be confiscated. The confiscated item will be locked in the Principal's office for one (1) month for the first offense. Upon the second offense, the item will be confiscated for one calendar year, at which time the parent/guardian must pick up the item. Confiscated items not picked up will be recycled. Refer to each school's Discipline Ladder for consequences. The use of electronic devices must have prior approval of the administration. No smart watches may be worn during the administration of state assessments.

Emergency Procedures

Fire drills and tornado drills are held at each school. Disaster plans are posted in the classrooms.

Each school has developed a Crisis Management Plan that has been coordinated with local law enforcement, fire department, and other community agencies.

EXTRACURRICULAR ACTIVITIES

MHSAA Eligibility for Extracurricular Participation

Middle School (7th and 8th graders)

To be eligible for participation in MHSAA sanctioned competitions, a student:

- must be promoted
- must have passed 4 courses
- the average of those 4 courses must be a "C" (70) or above

High School (9th - 12th graders)

The MHSAA eligibility rules require each student participating in MHSAA sanctioned competitions to make “satisfactory progress toward graduation.” Each school district determines the requirements for “satisfactory progress toward graduation” through its graduation requirements. Each school district must interpret this according to its requirements.

Additionally, according to Mississippi law, a student must maintain a grade point average of at least 2.0 or a C average. This will be measured at the conclusion of the first semester using the semester averages of all the courses the student is taking. Students who do not have a 2.0 or a C average for the first semester will be ineligible for the second semester.

At the end of the school year, each student’s grade point average for the year will be assessed. The assessment will reflect the average for the entire year using the final grades for each course. If the student does not have a grade point average of at least 2.0 or a C average (70), he/she will become ineligible for the fall semester.

Special Education students will be academically eligible if they are making satisfactory progress according to the committees reviewing their Individual Education Plans (IEP).

Students will not be eligible to participate in high school activities such as band, athletics, etc., unless they are taking two (2) high school credits per semester.

Other Requirements for Extracurricular Participation

Students participating in varsity (high school) and middle school athletics, band, cheerleading, dance, chorus, and other Mississippi High School Activities must show proof of insurance or purchase accident insurance through the high school.

Student accident insurance is the responsibility of the parent/guardian.

Students participating in extracurricular activities must submit to a drug test before participation. Prior to the commencement of drug testing each year, an orientation session will be held with activity students in order to educate them concerning the drug testing process. Student athletes must show proof of a medical physical examination conducted by a licensed, practicing physician before they participate in, or practice for participation in, athletic events and on athletic teams.

4. When a player is not actively participating in a sport, he/she will participate in an off-season program and will receive an appropriate grade for the course based on participation in the class.

DISTRICT FOOD SERVICE PROGRAM

The goal of the Poplarville School District's Child Nutrition Program is to provide students, teachers and staff nutritious meals at a reasonable price and to provide unparalleled service to the students and patrons.

The *National School Lunch Program* is the original Child Nutrition Program. In operation since 1946, this program makes it possible for children to be served wholesome, low cost lunches at school each day. The meals are designed to meet one-third of the daily recommended dietary allowance and contribute to children's mental and physical development.

The Child Nutrition program also participates in the *National School Breakfast Program*. This program was designed to meet the needs of children who arrive at school hungry. Nutrients missed at breakfast are seldom made up at other meals. A healthy breakfast alleviates mid-morning slumps and reduces student complaints of headaches, stomach aches and trips to the school nurse.

General policies are as follows:

1. Poplarville School District Charge Policy

In accordance with the recommendation on the charging of meals by the MS State Department of Education, Poplarville School district shall comply with the regulations as follows:

Full Pay Students - Poplarville Public School District students will pay for meals at the published standard rate each day. Students will be allowed to charge meals in accordance with this policy when parents fail to send money for meals. Students who pay full price for meals will be allowed to charge up to 20 dollars for reimbursable meals.

Reduced Price Meals - Reduced status children will be allowed to receive lunch for .40 cents, and breakfast for .30 cents a day. Students paying a reduced price for meals will be allowed to charge up to 20 dollars for reimbursable meals.

Students may charge a breakfast meal or lunch meal. Once a student has charged the allotted amount, he/she will be offered a designated menu alternate such as a ham and cheese sandwich, or peanut butter and jelly sandwich with milk.

Extra food items are not an allowable charge.

Free Meal Benefit - Free status children will be allowed to receive a free breakfast and a free lunch each day. An extra food item must be prepaid.

The Poplarville School District will not disclose children's free and reduced eligibility status unless required by law.

Parent's/Guardians - All parents/guardians will receive low balance notification prior to their student running out of money if they are signed up through My School Bucks.com When students account balance is in the negative, a letter of notification will be sent home with students

Parents/Guardians will be informed in the notification letters that once students reach the charge limits they will be given an alternative meal.

Charge Limit - The parents will be notified that their child has reached the charge limit and that he/she will receive an alternative meal. Alternative meals will be limited to five (5). Once this limit is reached, the child nutrition director will contact the parent(s). The child nutrition director will encourage parents who are having financial difficulties and whose income has decreased to complete a free and reduced price meal application.

This policy is based on Federal and State guidelines.

Each student may pay in advance for meals up to 120.00. Parents may send payment to the school cafeteria or pay online at myschoolbucks.com. It is highly recommended to pay online.

All cafeterias have offer versus serve. Students may choose not less than 3 of 5 components to have a reimbursable meal for lunch, at breakfast student may choose 3 of 4 components of which 1 must be a fruit. A student can pay for an extra food item after they receive a reimbursable meal with the exception of milk, water or ice cream, which can be purchased without purchasing a meal.

2. Food service cashiers shall only accept personal checks for the amount of food service purchase. NO EXCEPTIONS.
3. Anyone who has three checks returned to the food service office for "insufficient funds" will be required to pay with cash.
4. Food items, including snacks, shall not be sold on the campus one hour prior to or during the regular school lunch schedule. This includes sales by clubs or organizations on campus.
5. Carbonated drinks or fast foods shall not be brought into the cafeteria unless they are part of a "brought lunch" and in containers that do not identify the source. This applies to students and adults.
6. Lunches cannot be delivered to any school campus during the lunch hour.

Students will not be allowed to bring food back to the campus if they leave or check-out.

Reduced Price \$.30	Reduced Price \$.40
Adult \$2.00	Adult \$3.50

HOMWORK GUIDELINES

Homework is an opportunity for students to learn and for parents to be involved in their child's education.

Homework can help students:

- Review and practice what they have learned;
- Prepare for the next day's class;
- Learn to use resources, such as libraries, reference materials, educational websites, and encyclopedias;
- Explore subjects more fully than time permits in the classroom;
- Develop good study habits and attitudes; learn to work independently; develop self-discipline and responsibility (assignments provide student with their first chance to manage time and meet deadlines); and
- Foster a love of learning and discovery.

Homework should be a positive experience and encourage children to learn.

Students need to know that their parents and adults close to them think homework is important.

Parents can help their child value education and homework by:

- Setting a regular time for homework
- Removing distractions
- Providing supplies and identifying resources
- Setting a good example
- Showing an interest
- Buying your child an assignment log

Parents need to monitor assignments. Student will complete assignments successfully when parents monitor their homework. Here are some ways parents can help monitor assignments.

- Inquire about the school's homework policy
- Be available to assist your child during the completion of homework
- Check completed assignments
- Monitor television viewing
- Review child's assignment log

Parents' homework includes:

- Instilling a positive attitude
- Providing plenty of support
- Setting priorities and commitment
- Providing rewards and consequences
- Communicating with your child
- Communicating with your child's teacher
- Calling the school for missed work due to an emergency/absence
- Being involved in your child's school and social life
- Encouraging daily attendance

Don't forget your local and school libraries as well as the Poplarville Parent/Family Center are valuable resources at your disposal.

Cursive Handwriting

Students are provided instruction in cursive reading and writing, across the curriculum, so that they may create readable documents through legible cursive handwriting by the end of fifth grade. Students of the fifth grade are required to demonstrate competency in both reading and writing cursive.

ATTENDANCE

School attendance is a vital element in the academic success of students since students who are absent from school miss valuable instructional time. Excessive school absence is recognized as a national indicator of potential school dropouts; therefore, Poplarville School District has adopted a district attendance initiative called **ONE in Attendance**. The ONE in Attendance initiative will promote attendance by establishing certain awards, rewards, and policies to motivate students to attend school.

A Perfect Attendance Award will be given to students who are not absent, tardy nor have checked out early from any classes during the school year. Each school has developed special programs and activities to honor students with exemplary attendance.

The Mississippi Attendance Law states that all children who have attained, or will attain, the age of six (6) years on or before September 1 of the calendar year, and who have not attained the age of 17 years on or before September 1 of the calendar year, must attend school. As a parent/guardian, you are responsible for enrolling your child in school and for seeing that your child attends school regularly.

All absences must be accounted for by the parent/guardian to the proper school authority in writing. The law recognizes the following absences as excused:

1. Attendance of authorized school activity with prior approval of the superintendent or his designee;
2. Illness or injury resulting in physical disability (physician's statement may be required);
3. Isolation of child by the State Board of Health, County Health Department, or School Official;
4. Death or serious illness of a member of immediate family;
5. Medical/dental appointment of child with proper documentation;
6. Required presence of child in a court proceeding;
7. Religious observance as approved by school official;
8. Valid educational opportunity with two week prior written school approval. Excused absences will be documented with the submission of the approved related assignment.

In accordance to state law, students must be in school 63% of the student's instructional day. If a compulsory-school-age child has an absence that is more than 63% of the child's individual instructional day, the child must be considered absent the entire school day. Upon returning to school, a written excuse is required. A compulsory-school-age child with documented-

participation in an activity authorized by the State Board of Education shall be considered present for purposes of determining and reporting attendance for average daily attendance.

Absences

Every student should attend a minimum of 164 days of school during the academic year in order to receive academic credit for that year.

As required by Mississippi Attendance Law, reports will be made to the School Attendance Officer when a student has 5 (five), 10 (ten) and 12 (twelve) unexcused absences.

Reports will be made to Department of Human Services when a student has five (5) unexcused absences in a 9 (nine) week period.

NO more than 8 absences will be excused with a parent's note. Absences in excess of 8 may be excused upon presentation of a medical statement signed by a licensed practitioner or at the discretion of the principal after an at-school conference with the parent/guardian; however, this will not automatically result in an excused absence.

A student has five school days from the date of the absence(s) to bring in a note to have the absence(s) excused. The note should have the date of absence.

Grades K-12 Absences

In order for a student to have an absence recorded as excused, the student must comply with the following: Students who are absent for lawfully recognized reasons (see page 46) should furnish a note from parent/guardian or from a doctor/licensed practitioner to the school for the absence to be excused. NO more than 8 absences will be excused with a parent's note. A student has **NO MORE** than 5 school days from the date of return to school to have the absence(s) excused. If the absence is not verified by a note within the allowed time, the absence will be recorded as unexcused. The statement should provide an explanation sufficient to indicate to the school's administration that the student was unable to attend classes for a lawfully recognized reason for the period of his/her absence(s) and must list the date(s) of the absence(s).

See Appendix I for Attendance Form

Grades 9-12

No student will be entitled to receive academic credit in the type courses listed below if absent more than stated as follows, unless they attend mandatory tutoring sessions.

36 Week Class	8 Absences per semester
18 Week Class	8 Absences
9 Week Class	4 Absences

Excessive Absences (High School Only)

Poplarville High School will allow students to make up excessive absences in a class by attending two (2) tutoring classes for each class missed.

This will give students with passing grades an opportunity to pass a grade or credit course even though they have exceeded the number of absences allowed.

To be counted as present in a high school class, a student will be in attendance at least 60 minutes of the 94 minute class.

A student who has a long-term or major illness or injury should contact his/her principal.

If a student does not attend the mandatory tutoring sessions, he/she will not receive credit for the high school course.

Any senior who has met all requirements for graduation but does not complete mandatory tutoring obligations will not be allowed to march at graduation; however, if the student makes up his/her mandatory tutoring time the week after graduation, he/she will receive his/her diploma when the mandatory tutoring is completed.

Every student should attend a minimum of 164 days of school during the academic year or 82 days for semester classes. Failure to attend the required minimum may result in loss of academic credit for the school year. Students and parents/guardians will be notified whenever absences result in loss of credit.

Tardiness

When students are late to class, they interfere with the educational process and create undue classroom disturbances. In order to promote the concepts of timeliness and responsibility in students, the procedures regarding tardiness are as follows:

1. Tardiness due to personal illness, illness in the family, death in the family, or other emergencies will be approved if a written note from the student's parent/guardian or the person responsible for bringing the student to school is presented at the time of arrival. In all cases, the principal/designee in charge of issuing the admit slip may, in his/her absolute discretion, verify any such note.
Oversleeping, clock failure, missed rides, car problems etc. will not be excused.
2. Tardiness is excused when the bus that the student is riding is late.
3. Tardiness is excused when a teacher holds a student over too long. In this case, the student must carry an admit slip from that teacher to the teacher of the next class. This slip must contain reason for tardiness, time of release, and teacher's signature.

Checkout Policy for Grades K-12

It is the school's belief that students should remain in school all day when they arrive at school. Student check-out should be limited to doctor appointments, business appointments, or emergencies. In such situations, the following guidelines apply:

1. Parent/Guardian or designated person (listed on the student's emergency data card) must physically come to the school to check the student out. No other individual will be allowed to check a student out of school except those whose names appear on the emergency data card. This applies to all students including those who drive their own car, are eighteen years old, and those who live away from home.

2. If a student becomes ill at school and needs to check out, school personnel will call parents/guardians or designated representative to come to the school to check the child out.
3. Students are not allowed to leave campus for lunch unless the parent or guardian comes to school to check out their student.
4. For the safety of students, an ID is required to check out a student.
5. There will be no checkouts after 2:30 at PLE or PUE.
6. There will be no checkouts after 2:45 at MSP or PHS.

**PROMOTION, RETENTION, GRADING,
PROGRESS REPORTS, AND REPORT CARDS**

It is the intent of the Poplarville School Board to assure that meaningful learning takes place on the part of all students in the Poplarville School District.

Promotion and retention shall be based upon the mastery of academic standards.

1. Standards for graduation from Poplarville Schools shall include at a minimum:
 - a. Mastery of minimum academic skills as measured by assessments developed and administered by the State Board of Education and the Poplarville School District.
 - b. Completion of a minimum number of academic credits, and all other applicable requirements prescribed by the Poplarville School Board.
2. A student who meets all requirements prescribed in subsection (1) of this section shall be awarded a standard diploma in a form prescribed by the state Board.
3. The State Board of Education may establish student proficiency standards for promotion to grade levels leading to graduation. §37-16-7 (1999)

In order to pass a subject or to be promoted to the next grade, a student must meet the criteria outlined as follows.

Poplarville Elementary Schools and Middle School

In order to be promoted to the next grade a student should fulfill the following requirements:

1. Students in grades K-8 must master designated Mississippi and Poplarville School District Curriculum Standards.
2. Students in grades K-2 must pass Reading, English-Language Arts and Math.
3. Students in grades 3-5 must pass Language Arts, Math and Social Science.

All students in grades K-8 will participate in district-wide assessments each spring. Students in grades K-8 are expected to demonstrate proficiency on the language arts and math standards assessed. Students in grades 3-8 who score below the proficiency level on the state assessment or scoring in the bottom quartile on the normed reference test may be referred to the teacher support team.

Under certain circumstances, a Promotion and Retention Committee will recommend promotion or retention for those who failed to meet promotion requirements. Age, previous retentions, emotional/social maturity, learning ability, and Special Education rulings may be considered when making decisions about promotion/retention/transferring.

Student Intervention-State Board Policy 41.1

1. The purpose of this policy is to ensure that the behavioral and academic needs of every student are met through an instructional model that is designed to address student learning with quality classroom instruction and opportunities for intervention. The Mississippi Department Education (MDE) shall require every school district to follow the instructional model, which consists of three (3) tiers of instruction:
 - a. Tier 1: Quality classroom instruction based on Mississippi Curriculum Frameworks
 - b. Tier 2: Focused supplemental instruction
 - c. Tier 3: Intensive interventions specifically designed to meet the individual needs of students

2. If strategies at Tier 1 and Tier 2 are unsuccessful, students must be referred to the Teacher Support Team (TST). The TST is the problem-solving unit responsible for interventions developed at Tier 3. Each school must have a Teacher Support Team (TST) implemented in accordance with the process developed by the MDE. The chairperson of the TST shall be the school principal as the school's instructional leader or the principal's designee. The designee may not be an individual whose primary responsibility is special education. Interventions will be:
 - a. designed to address the deficit areas;
 - b. evidence based;
 - c. implemented as designed by the TST;
 - d. supported by data regarding the effectiveness of interventions.

3. Teachers should use progress monitoring information to:
 - a. determine if students are making adequate progress,
 - b. identify students as soon as they begin to fall behind, and

- c. modify instruction early enough to ensure each student gains essential skills.

Monitoring of student progress is an ongoing process that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.

- 4. After a referral is made, the TST must develop and begin implementation of an intervention(s) within two weeks. No later than eight weeks after implementation of the intervention(s) the TST must conduct a documented review of the interventions to determine success of the intervention(s). No later than 16 weeks after implementation of the intervention(s), a second review must be conducted to determine whether the intervention(s) is successful. If the intervention(s) is determined to be unsuccessful, then the student will be referred for a comprehensive assessment.
- 5. In accordance with the Literacy-Based Promotion Act of 2013, each public school student who exhibits a substantial deficiency in reading at any time, as demonstrated through:
 - a. performance on a reading screener approved or developed by the MDE, or
 - b. locally determined assessments and teacher observations conducted in Kindergarten and Grades 1 through 3, or
 - c. statewide end-of-year assessments or approved alternate yearly assessments in Grade 3, must be given intensive reading instruction and intervention immediately following the identification of the reading deficiency. A student who was promoted from Grade 3 to Grade 4 under a good cause exemption of the Literacy-Based Promotion Act must be given intensive reading instruction and intervention. The intensive intervention must include effective instructional strategies and appropriate teaching methodologies necessary to assist the student in becoming a successful reader, able to read at or above grade level, and ready for promotion to the next grade.
- 6. A dyslexia screener must be administered to all students during the spring of their kindergarten year and the fall of their first grade year. The screening must include the following components:
 - a. phonological awareness and phonemic awareness;
 - b. sound symbol recognition;
 - c. alphabet knowledge;
 - d. decoding skills;

- e. encoding skills; and
 - f. rapid naming (quickly naming objects, pictures, colors, or symbols (letters or digits) aloud.
7. All students in Kindergarten and grades 1 through 3 may be administered a state-approved screener within the first 30 days of school and repeated at mid-year and at the end of the school year to identify any deficiencies in reading. In addition to failure to make adequate progress following Tier 1 and Tier 2, students will be referred to the TST for interventions as specified in Response to Intervention guidelines developed by MDE if any of the following events occur:
- a. Grades 1-3: A student has failed one (1) grade;
 - b. Grades 4-12: A student has failed two (2) grades;
 - c. A student failed either of the preceding two grades and has been suspended or expelled for more than twenty (20) days in the current school year;
 - d. A student scores at the lowest level on any part of the Grade 3 or Grade 7 statewide accountability assessment; or
 - e. A student is promoted from Grade 3 to Grade 4 under a good cause exemption of the Literacy-Based Promotion Act.
8. Referrals to the TST must be made within the first twenty (20) school days of a school year if the student meets any of the criteria a-e stated above in Paragraph 7.
9. School Districts must complete, at a minimum, documentation as required for all students in Tier 2 or Tier 3. All Tier 3 documentation must accompany the student's cumulative folder upon promotion or transfer to a new school.

Social Promotion Prohibited

In compliance with the "Literacy-Based Promotion Act," social promotion is prohibited in this school district. A student may not be assigned a grade level based solely on the student's age or any other factors that constitute social promotion.

Beginning in the 2014-2015 school year, if a student's reading deficiency is not remedied by the end of the student's Third Grade year, as demonstrated by the student scoring at the lowest achievement level in reading on the state annual

accountability assessment or on an approved alternative standardized assessment for Third Grade, the student shall not be promoted to Fourth Grade. The parents of any student promoted may choose that the student be retained for one (1) year, even if the principal and district superintendent determines otherwise.

High School

To pass any subject for which credit is given on student records, a student must meet the following requirements:

1. Have a final grade of 65 or above on the total instructional program for the subject.
2. Comply with the District's attendance policy.

Requirements for Grade Level Classification (Poplarville High School)

In order to be promoted to the next grade, a student will fulfill the following requirements:

Grades 9 - 12: Must acquire Carnegie units of credit as follows:
Grade 9: Promotion from Grade 8
Grade 10: Minimum of 5 units and completion of Foundations of Algebra and Foundations of Biology
Grade 11: Minimum of 12 units
Grade 12: Minimum of 19 units and scheduled to meet graduation requirements.

No refunds will be made for any graduation supplies ordered by any prospective graduate.

The teacher will first establish a numerical grade and use the grading scale to arrive at the letter grade.

Grades for $\frac{1}{2}$ unit courses are derived by counting the nine-week average $\frac{3}{4}$ and the final exam $\frac{1}{4}$.

Grades for courses carrying one unit will be derived by averaging the first nine weeks grades and the second nine weeks grades, of which the final exam counts 1/4.

Exams for courses carrying 2 or 2 ½ units of credit will count 1/4 of semester averages. Final grade will be derived by averaging the two semester grades.

Example:

1 st 9 weeks grade	75
2 nd 9 weeks	90
	90
	90
Semester Exam	70
	4 340 85
	32
	20
	20

Final grades for one unit courses will be derived by adding the first and second nine weeks grades and dividing by two.

Example

1 st 9 weeks	75
2 nd 9 weeks	85
	2 160 80
	16
	0
	0

Final tests will not be given early.

Grading (Grades 1-12)

A number of factors are used in determining a student's grade, including daily classwork, homework, class participation, test grades, promptness in completing work, neatness in preparation of work, special project completion, and other factors.

GRADING SCALE (Grades 1 - 12)		
A	90-100	Superior Work
B	80-89	Above Average
C	70-79	Average
D	65-69	Below Average
F	64 and Below	Failing

Due to the fact that the majority of our exams are performance assessments, projects and culmination activities, the following grading policy will be followed for the Middle and Upper Elementary schools:

Middle School

Exemptions From Examinations (Grades 9-12)

All students will take nine weeks exams. A policy of exempting students from final exams at the end of each semester is in effect subject to the following:

1. Exemption privileges are based on the all or none proposition. To be exempt, a student must meet grade and attendance requirements in all subjects.
2. Students are not allowed to check out after the exemption list is posted.
3. Exemptions may be granted based on the following grade and attendance requirements:

- a. Semester average of "A" with no more than 3 absences.
 - b. Semester average of "B" with no more than 2 absences.
 - c. Semester average of "C" with no more than 1 absence.
- Classes missed for school sponsored activities do not affect exemptions.
- 4. Students who have earned exemption in all subjects will receive an exemption application. Students must ask individual teachers to complete the application.
 - 5. The exemption applications will be reviewed in the office by the principal, and an exemption list will be prepared.
 - 6. Seniors will be exempt from final exams during their final semester if they have a passing grade and have no more than 8 absences. If the student is a December Graduate with unknown state test results, he will not be considered as being in the final semester.
 - 7. Students failing a subject will not be exempt.
 - 8. Grades for exemptions (grades 9-12) should be based on first and second nine-weeks grades averaged together.

Exemptions From Examinations (Grades 6-8)

All students will take semester exams. A policy exempting 6th, 7th and 8th grade students from final exams is in effect subject to the following:

- 1. Exemption privileges are based on all or none of the proposition. To be exempt, a student must meet grade and attendance requirements in all subjects.

Classes missed for school sponsored activities do not affect exemptions.

Progress Reporting

At the end of 4 ½ weeks, parents/guardians will receive progress reports. Progress reports are scheduled on the following dates:

Progress Report Dates
September 10, 2019
November 19, 2019
February 11, 2020
April 23, 2020

All teachers make an effort to keep parents/guardians regularly informed of student progress. Primarily, this is accomplished by sending student work home for parent/guardian review, individual notes from teachers to parents/guardians, conferences with parents/guardians, and formal progress reports.

Parents/guardians are strongly urged to review any progress reports sent by teachers and to request a conference with the teacher if necessary. A JOINT EFFORT OF CONCERN AND SUPPORT CAN DIRECT THE STUDENT TOWARD POSITIVE ACHIEVEMENT.

Report Cards

A report card will be issued to each student at the end of each nine week term. Parents/guardians are encouraged to review the grade report and to contact the school principal if there are questions and/or concerns.

Copies of report cards for the current school year will be kept on file at the school the student attends. Cumulative records shall be maintained from year-to-year in the manner required by the Mississippi Commission on School Accreditation, state and federal law, and Poplarville School District policy. Report cards will be issued on the following dates:

Report Card Dates
October 15, 2019 January 7, 2020 March 17, 2020 May 21, 2020 - Final report card will be picked up at registration.

Honors & Advanced Placement

AP classes at PHS will receive a .10 weight. Honors classes at PHS will receive a .05 weight. The transcript will show the class is an AP or Honors class and the GPA will reflect the weighted grade. Pass/Fail will be determined using the unweighted grade. The weighing will be reflected only in the GPA and class rank calculation. The grade printed on the report card and transcript will be unweighted. AP courses will be defined by the College Board. Honors classes will include: Algebra 3, Calculus, Human Anatomy and Physiology, Physics, Zoology 1 and 2, Chemistry 2, Spanish 3, Accelerated Chemistry and Accelerated English. All dual enrollment classes will receive honors weight.

GPA

Classes earning a Carnegie unit (credit) toward graduation will be included in GPA calculation. Credits included in GPA will also be used in determining class rank. This includes credits earned in 8th grade.

The Mississippi Academic Assessment Program (MAAP) consists of four academic, end-of-course tests (Algebra I, Biology I, English II, and U.S. History from 1877). A passing score in each of the four MAAP test is required for graduation regardless of the pathway option chosen.

Mississippi Academic Assessment Program (MAAP)

According to the Mississippi State Department of Education, a student (see below) may not be allowed to receive an academic diploma until he or she passes all of the MAAP test.

- All students must pass the MAAP test in U.S. History from 1877, English II, Biology I, and Algebra I.

The MAAP tests, Algebra I, Biology I, English II, and U.S. History from 1877 to the Present, are aligned with the Mississippi Curriculum Frameworks developed by the Office of Instructional Development in the Mississippi Department of Education. The frameworks are posted on the Mississippi Department of Education's website at www.mdeK12.org or may be obtained from your school district. You should consult the school's guidance office if your child has failed a MAAP test two times. Alternate options may be available.

Student Assessment Policy

Course Curriculum and MAAP Tests

- If a student at Poplarville High School passes the MAAP test in Algebra I, English II, Biology, or U.S. History from 1877, but fails to make a passing

grade in the course concerning that test, the student will repeat the course, but will have met the Mississippi Department of Education's requirement for passing the MAAP test.

- If the student passes the course-work in the classroom concerning a MAAP test but fails the MAAP test, the student will have met the Poplarville School District's requirements for the course, but will receive remediation in preparation for the next MAAP test and will be retested at the next administration of that MAAP test.

Tutoring

Poplarville School District offers tutoring for students. The tutoring program is based on needs of students and recommendation of principal.

Poplarville High School and Middle School of Poplarville provide a tutoring program during the school day, five days a week. Students will be assigned and required to attend tutoring sessions based on academic and standardized test performance.

Credit Recovery

The Credit Recovery Program of the Poplarville School District is designed to allow students an opportunity to earn high school credit for courses that they have failed in the past. The Credit Recovery Program is intended to help students by delivering educational services in a flexible, time-efficient manner in order to help them succeed academically and ultimately graduate. The PSD Credit Recovery Program will be delivered based on the guidelines below:

Guidelines

1. Students may earn a maximum of four credits through the credit recovery program.
2. Only high school students may earn credit towards graduation.
3. Students using a credit recovery option will receive grades which will be reported on their transcript. Credit recovery grades will be included in the GPA calculation and will be used in computing class rank.
4. Students may not use this program to gain credit for a course that they have not already attempted in the traditional classroom setting and for which they received a final failing grade.
5. Students will only be enrolled in credit recovery courses that they have previously failed.
6. Students will receive a failing grade for any course begun through credit recovery that they have not completed in the allotted time.

7. Seniors utilizing credit recovery must complete the credit recovery course by May 1 in order to graduate with their class. Seniors wishing to use credit recovery to graduate one semester early must complete the course by December 1.
8. All tests must be taken on site and proctored by credit recovery personnel. A test may not be taken remotely via computer. The test may only be taken one time.

Summer School - High School

Any student who takes a summer school course must have prior administrative approval to do so.

No more than two units of credit earned in summer school may be counted toward graduation. No more than one unit per summer may be counted toward graduation.

Online Courses

Mississippi Virtual Public School (MVPS) is intended to provide educational opportunities to expand the boundaries of the traditional classroom, therefore, approval for enrollment will generally be held to enrichment courses not offered (or available within the student's schedule). Sanction of student petition for enrollment will be considered on an individual basis. Contact the school administrator.

Other Schedule Requirements for Graduation

The following schedule requirements will be necessary to meet the graduation requirements:

1. Seniors who are enrolled in college coursework may schedule fewer high school courses and count their college courses as part of the total credit periods.
2. Students who complete graduation requirements during the summer will be granted their diplomas upon completion of summer school and will not participate in the next year's graduation exercises. Summer school is considered an extension of the section semester of the previous school year.
3. Seniors who are in Alternative School at the time of graduation will not participate in graduation exercises with their class, but will be awarded diplomas or Special Education Certificates.

4. No student will be allowed to participate in graduation exercises unless all requirements for graduation have been completed.

Any senior who does not meet graduation requirements is encouraged to return the next year to complete requirements. Since high school requirements have increased, it may take 5 years for some students to complete all requirements.

Graduation Policy for Students with Disabilities

Prior to entering the ninth grade, students with disabilities must make a decision on whether they will pursue a diploma, occupational diploma, or certificate of completion. The student with disabilities will have the opportunity to change his/her curriculum. This decision will be made by the IEP committee following procedures outlined by state and federal guidelines.

Diploma

Students with disabilities will be awarded diplomas from Poplarville High School upon completion of the regular education curriculum as stated in the "Graduation Requirements" in the Poplarville School District Handbook.

Occupational Diploma

The Mississippi Occupational Diploma for students with disabilities shall not be available to any student entering the ninth grade in the 2017-2018 school year or thereafter. However, students with disabilities who are currently seeking this exit option may be awarded an Occupational Diploma from Poplarville High School upon completion of all requirements set by the Mississippi Department of Education. The student's course of study will be described in an Individual Education Plan, and may include a combination of special education classes, Carnegie unit classes, and vocational/occupational classes. Each student receiving an occupational diploma has earned a minimum of 21 course credits along with completion of a two-year career technical program as defined by Career Technical Education or 540 hours of successful paid work experience and has a job upon graduation. (See Appendix G) {MS Code 37-16-11}. **This is not equal to a regular diploma, it is an exit option for students with disabilities.**

Certificate

Students with disabilities may be awarded a certificate of completion from Poplarville High School upon the written recommendations and endorsements of the special education teacher and the school principal. The student's course of study will be described in an individual education plan, (IEP). (The units may be special education units or a combination of special and regular education units.)

Students with disabilities in regular attendance who have not achieved graduation status under one of the above policies and will be 21 years old prior to the beginning of the next school year will not be allowed to attend school. The student may receive a certificate of completion at graduation exercises. All students with disabilities who complete the requirements for graduation as specified in the Poplarville School District Student Handbook, based on Mississippi Public School Accountability Standards, will be eligible for participation in graduation exercises.

Community College Courses

Documentation of students taking dual enrollment courses will be reflected on the high school transcript. The grade earned will also be used in configuring GPA and class rank. Students must provide official documentation of the grade earned for high school credit to be given. This includes dual enrollment courses taught at PHS and elsewhere.

High School juniors and seniors who take courses at the community college will be subject to the following regulations:

1. Courses must be scheduled so there is no conflict between high school and college class meetings.
2. Students who miss high school classes due to college activities will be counted absent.
3. Pearl River Community College requires 14 core high school units, a 3.0 GPA on the high school transcript, written recommendation from high school principal or guidance counselor, and an ACT sub-test score of 17 or above on English and 19 or above in Mathematics.
4. Student Qualification Forms for dual enrollment at Pearl River Community College are available in the Counselor's Office.
5. Dual enrollment courses will follow PRCC grading policies.

Honor Graduates

Diploma students will be selected for recognition as honor and high honors graduates on the basis of the overall numerical average grade for all high school academic subjects.

Listed below are numeric requirements for honor graduates:

HONOR SCALES		
	Honors	High Honors
IHL	87.5	94.5
Non-IHL	90.0	96.25

For students who enter high school in 2018-2019 and after, the criteria to be an honor or high honor graduate is below:

High Honors Distinguished Academic Endorsement - 95+ overall average

Honors Distinguished Academic Endorsement - 90-94.99 overall average
Academic - 90+ overall average

IHL and CDC completers will wear cords at graduation to signify their completion of the programs. However, if CDC students do not complete the C-PAS test as scheduled, they will not receive a cord.

The two students with the highest academic averages will be recognized as valedictorian and salutatorian of the graduating class. In case of a tie in the numerical grade averages, the grade point average will be applied. If a tie still exists, ACT scores will be applied. In order for transfer students to qualify for valedictorian and salutatorian the student must start and complete four (4) courses at Poplarville High School.

Mississippi Public Universities Admission Standards (IHL- Institute of Higher Learning)

CURRICULUM PROGRAMS OFFERED

Elementary Program

The general educational program of the elementary schools includes reading, mathematics, writing, language arts, spelling, social studies, science, health, physical education and music activities. Programs for exceptional children, health, counseling, and library services are also provided through the schools. Elementary children are also exposed to drama and art experiences through participation in various enrichment programs and projects.

Elementary children are highly-motivated toward success and reward. Teachers strive to provide experiences which enhance this motivation in order to promote a positive attitude towards learning. Parents/guardians are urged to establish regular patterns of study in the home and to actively participate in study activities with the child. For children learning to read, it is vitally important for parents/guardians to spend a portion of the evening helping the child(ren) with his/her reading experiences. Parents/guardians are strongly encouraged to maintain communication with the school and to seek help when it is needed.

STUDENT DISCIPLINE HANDBOOK

The goal of the discipline policies of the Poplarville School District is to encourage the only true discipline, self-discipline. Each rule and regulation contained in this discipline section is designed to protect the privilege to learn for all students. With freedom comes responsibilities. The rules, regulations, and policies contained in the discipline section of the handbook are designed to encourage each student to take responsibility for his/her own actions. As we grow and mature as individuals, we learn that we are responsible for our own actions, and we will benefit from positive acts and suffer the consequences of our negative actions. One of our responsibilities to our students is to teach them that they are responsible for their own actions.

The Poplarville Schools believe that positive awards and rewards are a key element of an effective discipline program. Throughout this handbook, examples [i.e., Awards Programs, Attendance Rewards, Hall of Fame, etc.] of positive reinforcement are listed. We believe that students should be recognized and rewarded for their positive behaviors.

As you read the discipline section of the handbook, consider each rule, regulation, and policy as a means to maintain order in our schools and to encourage our students in their growth toward self-discipline. If you have any questions or concerns about a discipline rule, please contact a school administrator and share that concern.

Discipline Plan

1. A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district shall be responsible financially for his or her minor child's destructive acts against school property or persons.
2. A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding the destructive acts of the child, or for any other discipline conference regarding the acts of the child.
3. Any parent, guardian or custodian of a compulsory-school-age child enrolled in a school district who refuses or willfully fails to attend such discipline conference specified in paragraph 2 of this section may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conference.
4. A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.
5. Any parent, guardian or custodian of a compulsory-school-age child who (a) fails to attend a discipline conference to which such parent, guardian or custodian has been summoned under the provisions of this section, or (b) refuses or willfully fails to perform any other duties imposed upon him or her under the provisions of this section, shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed Two Hundred and Fifty Dollars (\$250.00).
6. Any school district shall be entitled to recover damages in an amount not to exceed Twenty Thousand Dollars (\$20,000.00), plus necessary court costs, from the parents of any minor under the age of eighteen (18) years and over the age of six (6), who maliciously and willfully damages or destroys property belonging to such school district. However, this section shall not apply to parents whose parental control of such child has been removed by court or decree. The action authorized in this section shall be in addition to all other actions which the school district is entitled to maintain and nothing in this section shall preclude recovery in a greater amount from the minor or from a person, including the parents, for damages to which such minor or other person would otherwise be liable.

7. As an alternative to suspension, a student may remain in school by having the parent, guardian or custodian, with the consent of the student's teacher or teachers, attend class with the student for a period of time specifically agreed upon by the reporting teacher and school principal. If the parent, guardian or custodian does not agree to attend class with the student or fails to attend class with the student, the student shall be suspended in accordance with the code of student conduct and discipline policies of the school district. §37-11-53 (2001)

MISSISSIPPI SCHOOL SAFETY ACT OF 2001

The School Safety Act of 2001 is cumulative and in addition to the school district's existing authority regarding discipline of students. Pursuant to the Act, the school district has adopted policies and procedures that recognize the teacher as the authority in classroom matters regarding the school district's written discipline code of conduct.

In the event the teacher removes a student who, in the professional judgment of the teacher, is disrupting the learning environment, and the removal is approved by the principal or assistant principal, the student may not be returned to the classroom until a conference has been held with the student's parent, guardian or custodian. During the conference, the disruptive behavior will be discussed and agreements reached that no further disruption will be tolerated. The conference may be in person, by telephone, by email or by other written communication.

Among other provisions, this act provides that a student 13 years of age or older may be subject to automatic expulsion on the third occurrence of habitually disruptive behavior during a school year. (Students under age 13 may be subject to expulsion for such conduct pursuant to other school policies and procedures.)

The term "disruptive behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or school-related activity and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or other school employees; defiance, ridicule or verbal attack of a teacher; and willful, deliberate and overt acts of disobedience of the directions of a teacher.

The term "habitually disruptive" refers to such actions of a student which cause disruption in a classroom, on school property or vehicles, or at a school-related activity on more than two occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.

After the second instance of behavior that is determined by the principal or designated administrator to have seriously interfered with the school environment, the parents/guardians will be contacted to help develop a behavior modification plan for the student.

DISTRICT DISCIPLINE PLAN

In order for a discipline plan to function effectively, it is necessary to classify misbehavior as to the degree of severity. It is also important to provide guidance as to whose responsibility it is to handle or manage each category of misbehavior. Therefore, misbehavior shall be classified into three categories:

- Level 1: These behaviors are usually minor infractions that are normally managed by the teacher at the classroom level. However, if a Level 1 behavior is of a continuous, major nature or if the teacher's actions are unsuccessful in correcting the misconduct, then a Level 1 misbehavior may, at the teacher's discretion, be upgraded to a Level 2 misbehavior.
- Level 2: These behaviors are either (1) of a more serious nature than level 1 misconduct or (2) Level 1 misconduct that, due to the frequency of the behavior or ineffectiveness of the teacher's action, have been upgraded from Level 1. Misbehavior classified or upgraded to Level 2 requires intervention by the principal. Students exhibiting Level 2 behavior shall be referred to the office by teachers for administrative action.
- Level 3: These behaviors are considered the most serious and can usually be classified as criminal acts. Administrative action is required and will result in the involvement of local law enforcement authority.

Any school employee shall notify his/her principal immediately upon obtaining knowledge that one of the following unlawful activities or violent acts have or may have occurred on school property or during a school-related activity:

1. Aggravated assault, including but not limited to
 - a. Assault resulting in serious physical injury or
 - b. Assault involving use of a weapon;
2. Assault on a school employee, simple or aggravated;
3. Indecent liberties with a minor;
4. Possession of a firearm/weapon or explosives of any kind (including fireworks);
5. Possession, use or sale of any controlled substance;
6. Rape;
7. Sexual battery;

8. Other sexual activity;
9. Murder or other homicide;
10. Kidnapping; or
11. Other violent act.

It is important to remember that misbehaviors are classified for management purposes. Any misbehavior can be upgraded and dealt with by school personnel in accordance with the frequency, seriousness, and magnitude of the misconduct.

Administration may impose rules and regulations as deemed necessary for the safety and welfare of the students.

§ 37-11-18. Expulsion of student possessing controlled substance or weapon or committing violent act on school property.

Any student in any school who possesses any controlled substance in violation of the Uniform Controlled Substances Law, a knife, handgun, other firearm or any other instrument considered to be dangerous and capable of causing bodily harm or who commits a violent act on educational property as defined in Section 97-37-17, Mississippi Code of 1972, shall be subject to automatic expulsion for a calendar year by the superintendent or principal of the school in which the student is enrolled; provided, however, that the superintendent of the school shall be authorized to modify the period of time for such expulsion on a case by case basis. Such expulsion shall take effect immediately subject to the constitutional rights of due process, which shall include the student's right to appeal to the local school board.

Sequential Application of Disciplinary Measures

Level 1: As a behavior which normally is managed by the classroom teacher, the teacher can exercise discretion and apply disciplinary measures based on responses routinely available to teachers. Depending on the seriousness and frequency of the infraction, the normal sequence of actions would be:

1. Verbal reprimand/warning
2. Notice sent to parents/guardians regarding problems
3. Appropriate management technique and/or punishment
4. Disciplinary conference with parents/guardians
5. Upgrading behavior to Level 2 for administrative action
6. Other appropriate measures

Level 2: As a behavior which is managed by an administrator, the principal can exercise discretion and apply disciplinary measures based on responses routinely available to teachers but also including responses only available to administrators, including suspension and/or recommendation for expulsion. At this level, the dual criterion of frequency and seriousness of the misconduct is considered in deciding the appropriate action. The normal sequence, depending upon circumstances, would be:

1. Conference with student and/or punishment
2. Appropriate management technique
3. Conference with parents/guardians
4. In school/out of school suspension
5. Conference with parents/guardians/student
6. Recommendation for expulsion

Level 3: These serious behaviors normally involve criminal acts that usually affect the health and safety of other students and school personnel. Therefore, the disciplinary options used at this level are the most severe and almost always result in some period of expulsion from school. The general sequence is as follows:

1. Out-of-school suspension and referral to appropriate law enforcement
2. Disciplinary hearing by the school administration and/or Poplarville School Board resulting in one of the following:

Retain student in school pending legal action;
Removal of student from regular school program with the option of providing at-home instruction;
Referral of student to community agency;
Expulsion of student from school
Referral of student to alternative school program

§ 37-11-53. Distribution of school district's discipline plan; content of plan; discipline conference; fines and penalties; recovery of damages.

(1) A copy of the school district's discipline plan shall be distributed to each student enrolled in the district and the parents, guardian or custodian of such student shall sign a statement verifying that they have been given notice of the discipline policies of their respective school district. The school board shall have its official discipline plan legally audited on an annual basis to insure that its policies and procedures are currently in compliance with applicable statutes, case law and state and federal constitutional provisions.

(2) All discipline plans of school districts shall include, but not be limited to the following:

(a) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible financially for his or her minor child's destructive acts against school property of persons;

(b) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district may be requested to appear at school by an appropriate school official for a conference regarding acts of the child specified in paragraph (a) of this subsection;

(c) A parent, guardian or custodian of a compulsory-school-age child enrolled in a school district who has been summoned by proper notification by an appropriate school official shall be required under this provision to attend such discipline conference specified in paragraph (b) of this subsection; and

(d) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible for any criminal fines brought against such student for unlawful activity as defined in Section 37-11-29 occurring on school grounds.

(3) Any parent, guardian or custodian of a compulsory-school-age child subject to the provisions of this section who refuses or willfully fails to perform any of the duties imposed upon him or her under the provisions of this section shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed two hundred fifty dollars (\$250.00).

(4) Any public school district shall be entitled to recover damages in an amount not to exceed Twenty Thousand Dollars (\$20,000.00), plus necessary court costs, from the parents of any minor under the age of eighteen (18) years and over the age of six (6), who maliciously and willfully damages or destroys property belonging to such school district. However, this section shall not apply to parents whose parental control of such child has been removed by court order or decree. The action authorized in this section shall be in addition to all other actions which the school district is entitled to maintain and nothing in this section shall preclude recover in a greater amount from the minor or from a person, including the parents, for damages to which such minor or other person would otherwise be liable.

Student Code of Conduct

Students are expected to abide by the following:

1. Be punctual, attend class daily, and be prepared for each class with appropriate materials and assignments.
2. Be honest.
3. Treat each other and all teachers, administrators, staff, parents, and visitors with dignity and respect.
4. Maintain a healthy personal hygiene.
5. Help foster a safe, orderly, and educational atmosphere for learning on the way to and from school, at school, and at school functions.
6. Respect school and district property and the property of others.
7. Respect and obey the rules of the classroom, school, District, state, and nation.

Use of Positive Reinforcement

An essential part of any disciplinary plan is to emphasize and reward positive, appropriate behavior. The student who respects authority, school property, and the rights and property of others shall be rewarded. The ultimate goal in the school environment is to teach every student to respect the rights of teachers to teach and the rights of other students to learn and work in a safe, healthy, wholesome environment. Therefore, each school emphasizes a positive reinforcement plan to reward students who exhibit quality behavior. Additionally, each classroom teacher is encouraged to initiate an individual positive reinforcement plan with his/her class.

Student/Parent Grievance Policy

A student and/or guardian who has a grievance concerning a school matter is provided the following procedures for logging such grievance:

1. Request a conference with the classroom teacher. If not resolved, proceed to Number 2.
2. Request a hearing/conference with the principal. If not resolved, proceed to Number 3.
3. Request a hearing before the Poplarville School District Superintendent. If not resolved, proceed to Number 4.
4. Request a hearing before the Poplarville School District Board of Education.
NOTE: A student may be represented by legal counsel at his/her own expense.

Due Process

Students are afforded due process of law as stipulated within the Fourteenth Amendment of the Constitution of the United States. Section 1 of this amendment states:

"All persons born or naturalized in the United States and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the law." (Constitution of the United States, Amendment Fourteen, Subsection 1.)

Information is distributed to the students regarding school rules in the student handbook and student conduct in the Rules for Student Conduct.

When a disciplinary action results in a disciplinary reassignment, suspension, or expulsion, due process of law involves three procedures:

1. **Prior Notification** - The student and/or legal guardian is informed of the disciplinary action which is being considered.
2. **Specification of Charges** - The student and/or legal guardian is made aware of the misconduct for which the student is being accused.
3. **Opportunity to Respond** - The student and/or legal guardian is allowed to present his view of the accusations and of the disciplinary action to be taken.

An appeal may be made to a principal if the procedure or a decision is questioned. A principal's decision may be appealed to the superintendent of schools.

Student Suspension From School

Suspension is the denial of the right to attend school and is imposed after due process has been followed. Students under suspension shall not trespass on any school campus or enter any school building except for a prearranged conference with a principal. Additionally, the policy of the Poplarville School District Board shall be that any student under out-of-school suspension shall not attend any day or night school-sponsored functions.

When unacceptable behavior cannot be corrected by the resources of the school, the Board hereby authorizes the school principal to suspend any student for violation of any published rule or regulation or for any other act of misconduct or insubordination or as a final effort to influence the student's future behavior.

Suspension Periods Allowed

1. The superintendent, principal or his designee may immediately suspend a student for misconduct for no longer than 10 consecutive school days, subject to an informal hearing. The suspension is effective immediately and no further due process is required.
2. The superintendent, principal or his designee may recommend suspensions for eleven days or more or expulsion for more serious disciplinary offenses. In such cases, the superintendent, principal or his designee may immediately suspend the student for no longer than 10 consecutive school days and recommend a long-term suspension or expulsion, subject to an informal hearing and pending the conclusion of formal due process proceedings.

In all cases of suspension the parent, legal guardian, or custodian shall be notified in writing within 48 hours of such suspension giving the reason therefor. If a student is to be sent home during normal school hours, a parent or guardian shall be notified before the student is dismissed. No student shall be sent home during normal school hours unless a parent, guardian, or custodian has first been notified.

3. For acts of violence, bringing a weapon to school or having possession of illegal drugs a student may be subject to automatic expulsion by the superintendent or principal from such school. Such expulsion shall take place immediately subject to the constitutional rights of due process.
4. Any student bringing a firearm to school will be expelled from school for a period of not less than one year.

School Violence Reporting Procedures

Pursuant to Section 37-11-29, Mississippi Code of 1972, as amended 1994. Any teacher or other school employee who has knowledge of any unlawful activity or violent acts which occurred on educational property or during a school related activity or which may have occurred shall report such activity or acts to the principal of the school who shall notify the appropriate law enforcement officials as required by law.

District employees shall comply with all requirements imposed by law with regard to reporting unlawful activities or violent acts which have or may have occurred on school property or during school-related activities.

Out-of-School Suspension Action

1. A student shall be suspended without a prior hearing for acts of violence, having a weapon on the school campus or on a school bus, possessing illegal drugs, and refusing to obey school authority. Anytime a student's presence poses a continuing danger to persons or property or an on-going threat of disrupting the academic process, the reason for the suspension shall be provided to the student orally and in writing on the suspension form set forth by the Board and immediate suspension is authorized. A copy of this form shall (a) be given to the student (b) mailed to the parent/guardian of the student within 24 hours of such suspension, including a clear statement of the reason for the suspension, and (c) a copy shall be placed on file in the principal's office to be available to the superintendent and/or Poplarville School Board upon request.
2. In other cases, students facing suspension shall be given oral and written notice of the charges against them by the principal. A copy of the written notice shall be in the form of the District's student suspension form. A copy of this form shall be (1) given to the student, (2) mailed to the parent/guardian of the child, and (3) a copy shall be placed on file in the principal's office to be available to the superintendent and/or Poplarville School Board upon request. The suspension shall be scheduled to begin after the student and parents have been properly notified and afforded due process hearing rights. However, in the event the student refuses to conduct himself/herself properly after notice of suspension, that student may be suspended immediately. Also, if the suspension period as decided by the principal will overlap into a recognized school holiday or the end of the school year, then the suspension shall be immediate, provided the principal has afforded due process rights.
3. If the student denies the charges, he/she will be given an explanation of the evidence that the principal has against him/her and shall be given the opportunity to present his/her side of the story. The principal shall document the student's explanation and/or reasons for denial.
4. If a student is to be sent home during normal school hours, a parent/guardian shall be notified before the student is dismissed.

5. If a student is suspended for three (3) or more days, then before such student shall be re-admitted to school, he/she must be accompanied by his/her parent or legally appointed guardian and, in such cases, the parent/guardian must be so notified of this requirement.
6. The school principal shall be responsible for providing written rules of conduct to each student each year.
7. Students on out-of-school suspension shall have the days missed during the suspension period treated as an unexcused absence. However, make-up work will be allowed based on district policy.
8. As the Board considers suspension to be the most serious disciplinary action to be taken short of expulsion by the Board, principals are encouraged to use this form of action only after lesser forms of action have failed to correct the misconduct.
9. In no case shall the authority to suspend be delegated to a classroom teacher.
10. In cases of suspension from bus transportation privileges, due process will be given.
11. To insure that due process is given in disciplinary matters, the following steps should occur in the process of suspension:
 - a. All suspensions require notice to the student and parent/guardian of the reason(s) for the suspension action and right to a hearing on the proper suspension form.
 - b. Request for a hearing shall be made within forty-eight (48) hours of any Notice of Suspension.
 - c. Hearing for any suspension of ten (10) days or less shall be held by the principal on an informal basis.
 - d. Hearing for any suspension of more than ten (10) days shall be conducted by the Poplarville School Board.
 - e. All hearings shall give the student the opportunity to present his/her side of the story.
 - f. In the event a student and/or his parents/guardians are not satisfied by the decision of the principal (Item "c" above), then the student and/or his/her parents/guardians have the right to appeal to the superintendent of education for an informal hearing. If the student and/or his/her parents/guardians are not satisfied by the decision of the superintendent, then the student and/or his/her parents/guardians shall have the right to ask the school board to review this decision at their next regular

meeting. School board policies require that persons submit a written request to appear before the school board. Specific procedures for being placed on the school board agenda are available in the superintendent's office. The Mississippi Code and Poplarville School Board policies give school administrators the authority to suspend students for up to 10 consecutive school days by following due process. The suspension is effective immediately and no further due process is required.

Corporal punishment shall never be administered to any student except in the presence of another certificated employee of this school district. Further, corporal punishment shall not be administered in any manner that would unduly embarrass the student so punished (e.g. in the presence of other students). A parent/guardian of a child enrolled in the Poplarville School District shall have the right to request that their child not receive corporal punishment at school. It shall be the responsibility of the parent/guardian to present such request, in writing, to the school principal at the beginning of the school year or at the time of the child's enrollment. Such request, if presented, shall be valid for the school year in which it is submitted and must be resubmitted each year in which the parent/guardian does not wish corporal punishment to be administered. Further, parents/guardians who submit such request shall do so with the understanding that the request will be honored by the school but that if the child misbehaves in a manner which warrants the administration of corporal punishment, then such student may be suspended by the principal.

Expulsion

The Board of Education may expel any student for conduct that disrupts the educational process or endangers the health or safety of any student, his/her

classmates, or any school personnel. Only the Board may expel a student from school attendance, and the Board may only take such action after having afforded the student recommended for expulsion with all due process to which the student is entitled. Until the time of the board hearing, alternate placement may be assigned. Expelled students cannot attend extra-curricula activities. Expelled students must appear before the Board of Education before re-entering school.

Students who bring cars on campus must purchase a parking permit at a cost of \$20.00 per year. Students will only park in the designated student parking areas. Once a student's car enters the campus, the student is immediately responsible for all rules and regulations of the school. Any student who is found to be driving recklessly on school property will have this permit revoked and will not be allowed to bring a car on campus. Students are not to sit in parked cars nor loiter in the parking lot. Once a student has entered the campus and parked his/her vehicle, he/she shall not go back to their vehicle without permission of the administration.

The school is not responsible for any damage to cars.

Student Bullying

Students and employees in the Poplarville School District are protected from bullying or harassing behavior by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including a review by the board.

I. Definitions

Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any

actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

Retaliation against any person, including a victim, a witness, or another person, who in good faith provides information concerning an incident of bullying is also prohibited.

II. Procedures for Processing a Complaint

Any student, school employee or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee or volunteer has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor or other school official. The report shall be made promptly but not later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will

arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined. Counseling options will be available for a student who is a victim of or a witness to bullying or who engages in bullying.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days of receipt of the appeal.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board shall, within twenty (20) working days, allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim's appearance before the Board.

Cheating

Students are expected to do their own work. The unauthorized giving or receiving of help in any area of school work will not be tolerated. Cheating is a serious disciplinary offense. The act of giving or receiving unauthorized help, including cheating and copying, **will result in a zero being assigned for the work.** This is a Level 1 misbehavior. However, continuous problems in this area by a student can and will lead to a Level 2 referral and can result in suspension.

Destroying/Defacing School Property/Vandalism

The school, its equipment and facilities, is provided for the use of all students and is funded through the use of taxpayer dollars. Schools are public facilities. Willful damage or destruction of school property shall not be tolerated. The Superintendent or his/her assignee is authorized to sign a criminal complaint and press charges against perpetrators of vandalism against school property. The punishment for such destruction of school property may include the following:

A student who fails to exercise proper respect or who fails to follow a legitimate request made by a teacher or administrator may be suspended and/or recommended for expulsion.

Fighting

Fighting is strictly prohibited. Physical altercations are totally unacceptable behavior which result in the disruption of normal school operation and, in some cases, can endanger the safety of other students and staff members. Fighting is a Level 2 misbehavior which may result in suspension and/or expulsion action. Further, a serious altercation can be considered criminal assault and may be dealt with as a Level 3 infraction. Law enforcement officials may be informed of all student fights in grades K-12. Students may be turned over to proper law enforcement officials.

Tobacco

Student use and/or possession of tobacco including nicotine containing products, in any form, is not permitted on any of the campuses or buses of the Poplarville School District.

Any student in any school who possesses any controlled substance in violation of the Uniform Controlled Substances Law, a knife, handgun, other firearm or any other instrument considered to be dangerous and capable of causing bodily harm or who commits a violent act on school property shall be subject to automatic expulsion by the superintendent or principal from such school. Such expulsion shall take effect immediately subject to the constitutional rights of due process.

No student attending school or any school-sponsored activity shall have in his/her possession or be under the influence of alcoholic beverages, illegal drugs or any other illegal compound. The provisions of this policy shall not apply to any student who is under the care of a licensed physician and who is taking medication which is under the supervision and direction of such physician. However, any and all such prescription drugs/medicines shall be kept by designated school personnel in a numbered, labeled bottle provided by a licensed pharmacist. Further, students and/or parents/guardians shall be responsible for notifying the school principal when the taking of such drugs/medicines is required on school grounds during the regular school day or at school-sponsored activities.

The provisions of this policy shall apply to all students during the period of time that they are subject to the jurisdiction of this school district as defined by the laws of the State of Mississippi and while participating in or going to or from any school-sponsored activity and while under the supervision and direction of any teacher, principal, or other authority of this school district.

Any student violating any of the provisions of the district's drug policy shall be considered to have committed a major offense and shall be subject to automatic expulsion by the principal or superintendent. Such expulsion shall take effect immediately subject to the constitutional rights of due process.

Possession of any substance by a student that is portrayed as an illegal substance may result in the student being suspended and/or expelled.

This policy is for the sole and exclusive protection of the students of this district and their general welfare, and nothing herein shall be construed to avoid any prosecution under any applicable criminal statute. The school principal shall

report any violation of this policy to the superintendent and also to the proper law enforcement officials.

Any fight (Grades 6-12) shall be immediately reported by school officials to local law enforcement authority as a criminal action. Fights in grades K-5, may at the discretion of the principal, be reported to law enforcement authorities.

The School Board is responsible for providing an appropriate educational program for the students of this district. The right of a child to attend school and receive a suitable education is mandated by state law. The School Board will not tolerate any disruption or interference through violence, vandalism, seizure of any area of school property, sit-ins, walk-outs, or other methods of demonstration which disrupt this right.

Public Displays of Affection

Displays of affection should be reserved for areas other than the school or school grounds. Public displays of affection on school grounds are not permissible and may result in disciplinary action.

Interrogations by School Personnel

School administrators and teachers have the right to interrogate (question) students regarding their conduct or the conduct of others. School personnel have the authority to contact the SRO and/or local law enforcement. Law enforcement will be contacted for any felony offense. Offenses turned over to law enforcement officials for investigation may result in additional school disciplinary actions. An interim alternative educational setting may be utilized during ongoing investigation.

Threat Assessments

Student safety is of the utmost importance. Students who threaten to harm themselves or others may be referred for a threat assessment to be conducted by trained personnel. This assessment will help to determine the seriousness of a threat and whether or not the student is a danger to himself/herself or others. Parents and/or guardians will be involved in this process.

Threats, Intimidation, Harassment

Students are not permitted to make threats or harassments against other students or school personnel, whether overt or implied. Such behavior will not be tolerated and will result in disciplinary action. This statement will apply on school grounds, before, during, and after school, riding in school buses, or any

time when the school facilities are being used by a school group. It is also applicable off school grounds, at school-sponsored functions, or when the prohibited behavior has occurred or originated on the school campus. This behavior may result in suspension/expulsion from school.

If students feel that they are being harassed by another student, or if they are aware of another student(s) being harassed, they must report this action immediately to the school administrator. An investigation will follow to determine the merit of the claim or allegation following school district policy.

Extortion

Such behavior may result in suspension/expulsion from school. Students will not attempt to extort money or something of value from other students or school personnel, regardless of the amount of value, in return for protection or in connection with a threat to inflict harm.

Student Parking Lot

Students are not to enter the student parking lot except for arrival to school and departure from school without permission from school administration. Parking on campus is a privilege that can be taken away as a part of disciplinary action. Parking permits will not be prorated or refunded.

Leaving Without Permission/Returning to Campus and/or Failing to Report to Class

Leaving campus and/or failing to report to an assigned class, commonly called "skipping" is a major disciplinary offense, a Level 2 misbehavior. Students who leave campus or fail to report to an assigned class without proper permission from the school principal may be suspended.

Senior Off Periods/Early Release

Senior Off Periods/Early Releases are a privilege that a senior has earned. If a senior chooses to have an senior off periods/early releases which includes leaving campus early or arriving late, parents take full responsibility for that time period. These periods are **NOT** school related and the senior should **NOT** be on campus during this time period, unless approved by administration.

Beginning with students who entered 9th grade in 2018 and forward, Mississippi Department of Education has set the following criteria for a student to have an

“off period” during their senior year. Students must meet 1 of the 3 options to earn an off period.

Option 1: Students must meet the College or Career Readiness Benchmarks set by ACT. English subscore of 17 and a math subscore of 19.

Option 2: Students must have earned a Silver Level on the ACT WorkKeys.

Searches by School Officials

School officials have a limited right to search student belongings when it is in the overall interest and welfare of other students or is necessary to preserve the good order and discipline of the school.

Lockers may be searched at any time by school officials when they have reasonable grounds to conduct such a search. However, the student(s) assigned to the locker shall be given an opportunity to be present during the search. Other searches may be conducted with reasonable suspicion. Two certified staff members shall be present during any search of a student's person or belongings. Similarly, any student vehicle brought on the campus of Poplarville School District is subject to search when school officials have reasonable suspicion that a search is justified. Any student who commits an unlawful act on school grounds, at a school-sponsored activity, or a school-related activity, is subject to having charges filed against him/her by school officials with the proper law enforcement agency.

Alternative School

The Poplarville Alternative School will be in partnership with the Pearl River County School District. Students assigned to the Pearl River County Alternative School will follow the rules and regulations of Pearl River County Schools.

Once a student has reached the maximum number of demerits on the discipline plan, a hearing will be held at least three and no more than 5 school days from the date of the student's latest discipline problem.

SCHOOL BUS TRANSPORTATION INDEX

District Bus Discipline Plan 102
Important Notes 106

SCHOOL BUS TRANSPORTATION

Bus transportation is available to students who live one (1) mile or more from the school of their attendance.

- **The driver will assign a time for the students to be at the bus stop, plus or minus three (3) minutes; the bus cannot wait for students that are not on time.** Due to unforeseen circumstances, the bus may arrive a few minutes earlier or later than anticipated; therefore, students should be ready to board as soon as the bus arrives.
- **Students will be dropped off in the afternoon at the home address unless a note, which includes the new drop off address, written by the parent/guardian and signed by the principal, is presented to the driver on a daily basis.**
- Student and parent/guardian cooperation in transporting students to and from school is imperative in order to insure maximum safety at all times. Therefore, **drivers are fully authorized to instruct and otherwise control student behavior and safety standards.** Bus misconduct considered excessive and/or violations of bus safety rules will be reported to the school principal.
- Students should report any and all incidents to the driver as soon as possible. The school principal or designee, is authorized to implement disciplinary measures to correct the misconduct. Questions regarding bus discipline should be directed to the school principal.
- **It is to be fully understood that bus transportation is a privilege and NOT a requirement. Misconduct which endangers the safety of students and the driver WILL NOT BE TOLERATED, AND STUDENTS INVOLVED IN THIS TYPE OF MISCONDUCT MAY BE REMOVED FROM THE BUS.**
- **Students not riding for three (3) consecutive days will not be picked up without a call from the parent to the bus barn at 601-795-4728. Parents need to be home to retrieve their children. It is imperative for parents or guardians to let the bus driver be current with phone numbers in case of emergency. It is recommended that parents furnish bus drivers with a note authorizing them to let children off if no one is at home.**
- **Prior arrangements with the Transportation Department is required if more than 1 visitor is going to be riding home with a student due to available space on the bus.**

District Bus Discipline Plan

In order for a bus discipline plan to function effectively, it is necessary to classify misbehaviors as to the degree of severity. It is also important to provide guidance as to the expectations for students, bus driver, and administrators.

While all possible misbehaviors cannot be listed, the administrator has

discretionary right to assign misbehaviors to the level that the misbehavior fits. Safety is the #1 goal.

Level 1: These bus behaviors are usually minor infractions that are normally managed by the bus driver; however, if a student violates the rules, he/she will be warned in writing by the driver AND a warning will be sent home for the parent and student to sign and return to the bus driver the next day. If a level 1 behavior is of a continuous or of major nature or if the bus driver's actions are unsuccessful in correcting the misconduct, then a bus discipline report should be given to the building principal. Multiple offenses may be upgraded to Level 2 at administrator's discretion. Bus suspension is possible.

Level 1 violations/infractions will be handled at the school site. Multiple offenses may be upgraded to Level 2 at the administrator's discretion.

Level 1 Rules and Regulations Include But are Not Limited to the Following:

1. Students must follow directions of the bus driver.
2. Students must stand on the sidewalk or side of the road, out of the roadway, while waiting for the bus.

11. Refusal to Obey - (This regulation can be upgraded to ANY level at the discretion of the administrator.)

Level 2: These bus behaviors are either (1) of a more serious nature than Level 1 misconduct or (2) are Level 1 behaviors that, due to the frequency of the behavior or ineffectiveness of the bus driver's action, have been upgraded from Level 1. These behaviors warrant disciplinary action by the school's administrator.

Level 2 violations will be assigned a minimum of 10 demerits.

Level 2 Rules and Regulations Include But are NOT Limited to the Following:

1. Excessive horseplay is not allowed on the bus.
2. Spitting on the bus is against health and safety rules.

Level 3 violations will be assigned a minimum of 15 demerits.

Level 3 Rules and Regulations Include But are NOT Limited to the Following:

1. Safety requires that students not extend head, hands, arms, or other body parts, or articles from the bus window.
2. Nothing should be thrown from the bus window.
3. Students may not leave the bus without the driver's consent. A written note, which is to include the new drop off address, signed by the school's office, must be presented to the driver if the student is to leave the bus at a stop other than the assigned stop.
4. Students who must cross the road after leaving the bus must pass in front of the bus and not behind it. The driver will see that the way is clear before the child is permitted to cross the road.
5. Students must not bring unauthorized articles on the bus (i.e. pets, combustibles, fireworks, **slime, lighters, blankets, balloons** or large items such as tubas, etc.)
6. Students must not apply perfume, cologne, body spray, etc. while on the bus.

Level 2 and **Level 3** violations/infractions of the bus rules will be addressed by the school administrator using the Demerit System.

Level 4: These bus behaviors are considered very serious. Some of the behaviors can be classified as criminal acts. Administrative action is required and may result in involvement of local law enforcement authority. This level is automatic removal from bus.

10 Demerits	Conference/Parent Contact

25-35 Demerits	6-8 Day Bus Suspension
40-50 Demerits	10 Day Bus Suspension
55+ Demerits	Indefinite Bus Suspension

IMPORTANT NOTES:

A student may be removed from the bus immediately if the student's behavior represents an immediate physical danger to himself/herself or others or constitutes a clear emergency within the bus such that removal from the bus is essential to the safety of others.

In cases of suspension from bus, due process will be given in the same form and manner as is the case with out-of-school suspension. **Students who are suspended from one district bus are NOT allowed to ride any other district bus until the suspension has been served.**

Parents are responsible for providing transportation for the student to attend school during suspension from the bus. Bus suspension is NOT a suspension from class. If a student does not attend school due to suspension from the bus, the absence is unexcused. (See Attendance Page 46 in this handbook).

Each and every violation will be handled on a case by case basis. The school's principal or principal's designee of the offending student shall make the final decision regarding the student's discipline.

Because of safety concerns, students are not allowed to get off the bus at the high school or middle school unless that is their designated stop. Parents must pick up students at their home school. Once a student is on the bus, he/she cannot be removed from the bus until the bus reaches the student's designated stop.

All electronics devices to include cell phones are not permitted on any district school buses.

MIDDLE SCHOOL OF POPLARVILLE

Welcome to Middle School of Poplarville (MSP)! We are incredibly excited to begin a new year. As we embark on this journey through middle school, we pledge to you, our students and parents, to provide engaging, meaningful, and rigorous work in our classrooms, combined with a plethora of special events and activities, along with extracurricular clubs and athletic teams to encourage our Hornets to be involved and stay connected.

The mission of MSP is “Making Success Possible”. Daily, we strive to help every child reach his/her potential, but we can’t do it alone. Please know that we highly value home/school communication here at MSP. Communication is vital, and it plays an integral role in each student’s success.

We are looking forward to a positive and productive year together. We extend a special yearlong invitation to our families to join us at school activities and events whenever possible. We want, we need, and we value your involvement and support in your child’s education. Your active participation is key to the success of your child during his/her middle school years.

Again, we welcome you to Hornet Nation and to our wonderful school. It is, indeed, a place where we make success possible each day for every student!

Information for Parents

Attendance

Student attendance is an important factor in determining a child's academic success. Regular school attendance is crucial; therefore, we urge parents to schedule appointments for students after school hours or on days students are out of school.

After being absent, a student should bring a note from the parent/guardian or doctor within five (5) days of returning to school. If a note is not received in the office within five (5) days of the absence, the absence will be considered unexcused. The note should account for each day the student was absent and should provide an explanation/reason for the absence.

Mississippi Attendance Law required MSP to report to the school attendance officer when a student has five (5), ten (10) and twelve (12) unexcused absences, including suspensions, during a school year. Also, a report is filed with the Department of Human Services when a student accumulates five (5) unexcused absences in a nine week grading period.

Due to reporting requirements and for the safety of all students. We encourage parents to contact the school to report their child's absences from school. Reporting absences does not excuse absences. Excused absences are defined by Mississippi Code 37-13-91. For additional information and a list of reasons for excused absences, refer to the district section of the handbook titled *Absences*.

School Day

The school day begins at 7:45 a.m. Students not in class by 7:50 a.m. are considered tardy and must be signed into the office by a parent. Students are not to arrive before 7:15 a.m., because no one is available to supervise students prior to this time. Upon entering campus between 7:15 a.m. and 7:30 a.m., students wanting to eat breakfast must go directly to the cafeteria and those not wanting to eat breakfast must go to the gym. Students arriving to campus after 7:30 will report to the grade level break area or go directly to the cafeteria for breakfast.

Parent Communication

To increase communication between home and school, MSP utilizes a variety of communication tools:

- Calendar tab on the Poplarville School District website at www.poplarvilleschools.org;

- Remind101, a text messaging app. To receive messages from MSP join @ www.remind.com/join/mspparentinfo or text 769.757.6329 with the message @mspparentinfo;
- Notes, flyers, and newsletters sent home;
- Planner is provided for each student. Information is written in the planner.

If you are in doubt about something or have a question, please call the office at 601-795-1350.

Discipline Procedures

Middle School teachers and staff put emphasis and recognition of positive behaviors. We make sure all students understand the school rules and the importance of obeying them. Student misconduct takes up valuable learning time, decreases learning opportunities, and interferes with school safety. MSP faculty, staff and administration understand the importance of having a bully-free campus. All precautions are taken to reduce bullying on campus. Bullying is defined as a **habitually cruel or over bearing repeated activity with a particular child singled out over and over again**. Bullying happens when individual groups of people continue to hurt, frighten, threaten, or exclude another person on purpose. Bullying can also happen online, or electronically. Cyber bullying is when individuals bully each other using internet, a mobile device, or other cyber technology.

School policy is to establish meaningful rules that focus on respect for other people, for property, and safety. Please be aware of the disciplinary section for the Middle School of Poplarville in this handbook (purple pages). The procedures of this handbook will be followed for discipline issues. If necessary to maintain order at the school, a parent may be called to pick up a student. Please know there are some violations that **MUST** be reported to the police to help maintain order at the school.

Code of Conduct

Students are expected to abide by the following:

1. Be punctual, attend class daily, and be prepared for each class with appropriate materials and assignments.
2. Be honest.
3. Treat each other and all teachers, administrators, staff, parents and visitors with dignity and respect.
4. Maintain healthy personal hygiene.
5. Help foster a safe, orderly and educational atmosphere for learning.
6. Respect school and district property and the property of others.
7. Respect and obey the rules of the classroom, school, district, state and nation.

Conferences

Parent conferences are essential to each student's education. The communication that is established through conferences emphasizes to a student that everyone is concerned about his/her academic, emotional, and social development. Conferences are held frequently to show support for continued progress and success and to correct problems if necessary. Please respond to a teacher or the principal as soon as possible if either should request a conference. Also, if you, the parent, feel a conference is needed for any reason, please do not hesitate to arrange one by contacting the MSP office at 601-795-1350. Always call in advance for an appointment.

Parent/student/team conference nights are scheduled after each progress report.

Messages at School

Except in the case of emergency, classes will not be interrupted by messages to students from parents/guardians or others. When it is necessary for a child to deviate from his normal routine, a note from the parents should be presented to the office. Telephone messages are NOT accepted at school. Please make arrangements before the student leaves home if the student is not to ride the bus or

is to ride a different bus. The office phone is a business phone, and students will not be allowed to use it unless deemed as an emergency!

School Parties

The only parties approved for the MSP school will be the day before the Christmas holiday begins and at the end of school.

CHECKOUTS

Students will be allowed to leave school only with those listed on the Registration form.

Please attempt to schedule necessary appointments after the school day. Students not in attendance for a minimum of 63% of the instructional day will be counted absent. Checkouts will not be permitted after 2:45.

Visitors

MSP welcomes parents to visit our school any time testing is not taking place. All visitors are required to report to the office upon arrival on campus. Any individual with permission to be on campus will receive a pass and the teachers will be notified that the visitor is on campus. The regulation of visitors is for the safety of all students. Because spontaneous visits disrupt the routine activities of the school day, visitors are requested to schedule their visits.

Welcome

POPLARVILLE UPPER ELEMENTARY

Dear Parents:

Welcome to Poplarville Upper Elementary School. Our staff is dedicated to helping students gain the knowledge and skills necessary to be successful in their remaining school years and then to move into the world as a competent adult. This includes not only the traditional academic subjects, but also the interpersonal skills of getting along with and respecting others and being responsible for one's own actions. Our goal is to teach and treat every student in our care as though he or she were our own child. We continually strive to develop a love of learning in every student entrusted to us.

We realize that the school day encompasses only a small portion of the students' time and that the school and parents must work closely together to achieve maximum success. We pledge to communicate regularly with parents, and we request that parents communicate with us. When parents show that education is important by being actively involved in their child's schooling, children put more emphasis on their work. We will need your help in holding your child accountable for the work and actions that he/she does or does not do.

The teachers at PUE will use a variety of strategies and methods to reach the varied learning styles of our many students. We ask that all students be encouraged to participate in and try all of the work that is assigned to them. For new material to be learned, students will have to complete the assigned class work and homework. We ask that you encourage your child(ren) to work to the best of his or her abilities at all times; not to accept mediocrity or partially completed assignments, but to strive for excellence in everything that he or she does. Everyone at PUE promotes Hornet P.R.I.D.E. – Personal Responsibility In Daily Effort.

To achieve to his or her greatest potential, students need to be in school every day, rested and ready to learn. Teaching and learning will take place daily. Although assignments may be made up if a student is absent, much learning takes place during the interaction of student and teacher, and that cannot be made up. By being in school daily, doing their best, and knowing that parents will be checking on their daily progress, we can expect that our students will get the best education possible during this school year.

We look forward to working with you and your child(ren) this year. I encourage you to contact your child's teachers as needed. Please feel free to contact me if you have questions or concerns. The staff at PUE is dedicated to providing the ultimate education for your child(ren).

REMINDERS

Attendance

Students' attendance at school will greatly impact the extent to which students will benefit from the programs offered. Therefore, we urge parents to schedule appointments for students after school hours or on days when students are out of school. After being absent, a student should bring a note from the parent/guardian or doctor within five (5) days of returning to school. If a note is not received in the office within five (5) days of an absence, the absence will be unexcused. The note should account for each day the student was not at school and should provide an explanation/reason for the absence.

PUE is required by Mississippi Attendance Law to report to the School Attendance Officer when a student reaches his or her 5th and 12th unexcused absences, including suspensions, during a school year. Also, reports are required to be made to the Department of Human Services when a student has unexcused absences for 5 days during a 9 week period.

Because of our reporting requirements and to better provide for the safety of all students, we urge parents to contact the school and report any time their child will be absent from school. Reported absences are not always excused. Excused absences are defined by Mississippi Code 37-13-91.

Please refer to the District section of this Handbook on *absence* and *attendance* for additional information.

School Day

The school day begins at 7:45 a.m. All students need to be in their designated place at 7:45 a.m. **Students should not arrive at school before 7:15 a.m. No one is on duty prior to 7:15 a.m.; therefore, no one is available to supervise any student prior to that time.** The gym opens at 7:15 a.m. each morning. Students should report directly to the gym when they arrive at school. Due to safety concerns, limited space, and the interference and distractions caused when parents drop in on teachers, we are asking parents not to escort their child to the individual classrooms. We require all visitors (including parents) to report to the office and not to the classroom.

Visitors

PUE welcomes parents to visit our school any time testing is not taking place. All visitors are required to report to the office upon arrival on campus. Any individual with permission to be on campus will receive a pass and the teacher

will be notified that the visitor is on campus. The regulation of visitors is for the safety of all students. Because spontaneous visits disrupt the routine activities of the school day, visitors are requested to schedule their visits.

Perfect Attendance

Students must be present for the entire class, everyday to receive a “Perfect Attendance Award.” (No Tardies-No Checkouts) Please refer to the District section of this Handbook for additional information regarding *attendance*.

Messages at School

With the exception of emergencies, classes will not be interrupted to deliver messages to students. When it is necessary for a child to deviate from the normal routine, a note from the parent should be presented to the office. For safety reasons, telephone messages to change a child’s routine are not accepted at school. Please make arrangements before the child leaves home if the normal routine is not to be followed. Students will be allowed to use the office phone only if the situation is deemed an emergency. Without an approved note, students will be expected to follow their normal routine. Please refer to the District section of this Handbook for additional information regarding *messages*.

Contact Information

A current and valid contact number and address must be on file for each student. Please keep the school informed of any changes in address or phone number as soon as they occur.

Label Belongings

All parents are urged to label all of their child’s belongings. Notebooks, coats, sweaters, and lunches can be easily misplaced. All items found at the school will be turned in to the office and then placed in the lost and found area of the gym.

Bus Students

Bus students must turn in notes from their parents to their morning teacher if they are not to ride the bus that afternoon. For safety reasons, bus students will not be

allowed to get off the bus at the High School or the Middle School, unless it is their designated stop. PUE students must be picked up at PUE. Once a child is on the bus, he/she cannot be removed from the bus until the bus reaches the child's designated stop. Please refer to the **School Bus Transportation** section of this Handbook for additional information regarding rules, regulations, and discipline procedures for school bus operation.

Fees

The instructional supply fee at Poplarville Upper Elementary is \$15.00. Please refer to the District section of this Handbook for additional information regarding *fees* and *waivers*. These funds are used to help provide materials for student use.

Checkout Policy

Please refer to the District section of this Handbook on *attendance* and *check-out policy* for additional information regarding check-outs. **Check-outs will be permitted until 2:30 p.m.**

Student Behavior Procedures

PUE teachers and staff make every effort to ensure that our students are provided an excellent educational environment. Student misconduct disrupts the teaching and learning process. Student expectations and procedures are provided to ensure that every student knows what is expected.

Our school policy is to establish meaningful rules which focus on **respect** – respect for one's self, respect for others, and respect for property.

Code of Conduct

Students are expected to abide by the following:

1. Be punctual, attend class daily, and be prepared for each class with appropriate materials and assignments.
2. Be honest.
3. Treat each other and all teachers, administrators, staff, parents, and visitors with dignity and respect.
4. Maintain a healthy personal hygiene.
5. Help foster a safe, orderly, and educational atmosphere for learning on the way to and from school, at school, and at school functions.
6. Respect school and district property and the property of others.
7. Respect and obey the rules of the classroom, school, district, state and nation.

PROCEDURES

1. Drop Off and Pickup Procedures

a. Arrival at School (Drop Off at School)

Students being transported to school in personal vehicles should be dropped off in the designated area in front of the school no earlier than 7:15 a.m. Drivers should remain in a single line, then pull forward to allow their passenger(s) to exit the vehicle on the passenger side **in the designated loading/unloading area only.** Every effort is being made to provide for the safety of the students. While driving on school grounds, please be alert and cautious. There is a concentration of vehicles and pedestrians, and we all need to watch out for each other.

b. End of day (Pickup)

Bus students will be dismissed first. Buses will line up in front of the school. Individuals picking children up from school are asked to line up behind the school in the designated areas. After the buses have exited the campus, we will start the dismissal of the car rider students and walkers. Parents are requested to stay in their vehicles and pull to the front of the school to pick up their child(ren). This will assist in the safety of all students at PUE.

Any individuals coming on campus in their personal vehicles after 2:00 p.m. are asked to park in the faculty parking area, **not** the bus loading area.

2. NOTES

Students should give all notes to homeroom teacher upon entering the room at the beginning of the school day. Students must have a note from their parents to change their normal routine. Bus students must ride their bus, and car riders must be picked up in the car line, unless they have a note approved in the office prior to the dismissal of school. Once a child is on the bus he/she will not be removed from the bus (except in emergencies) until the bus reaches the child's designated stop. In an effort to help insure the safety of our students, we ask that all notes be turned in at the beginning of the school day. **Notes should be turned in to the homeroom teacher at the beginning of the day.** Please refer to the District section of this Handbook for additional information regarding *messages*.

3. Line up

At recess or other large group times, when signaled, students are to freeze in place, then walk to their designated area to line up without talking or horseplay. Students will then follow the instructions of the teachers.

4. Hallway/Sidewalk

Students are to walk on the right side, single file, showing respect for others.

5. Cafeteria Procedures

Car riders must arrive in the cafeteria by 7:45 a.m. in order to eat breakfast. Students will walk in a single file line, talk in an inside voice, and stop talking once they reach the drink area

6. Bathroom Procedures

Students will conduct themselves appropriately and show respect for school property and fellow students by being quiet, orderly, and neat.

7. Athletic Type (tennis shoes) are recommended for safety when students have PE and are at recess.

Parent Communication

The faculty of PUE encourages parents to maintain regular communication between home and school. We encourage parent, student, teacher, and administrator conferences as needed to keep everyone informed and working together. However, since an interruption of instruction interferes with the learning process for all students, parents are requested to contact the school to arrange a set time for a conference. Teachers have responsibilities before, during, and after school that may prevent them from being able to conduct a conference when a parent drops by the school. Teachers shall refer parents to the office if an appointment has not been made for a conference.

Graded papers will be sent home weekly, unless notified otherwise. Parents should review these papers with their child. The planner should be used as a means of daily communication between home and school.

School Parties

The only parties approved for the PUE school will be the day before the Christmas holidays begin and the end of school.

Gifts at School

NO GIFTS WILL BE ACCEPTED FOR STUDENTS AT PUE. The delivery of gifts at school, including but not limited to, balloons and flowers, shall not be accepted by school personnel for delivery to students on any day. Please refer to the District section concerning *gifts*.

Toys at School (Non-Educational Items)

Students should bring only school-related items to school. Students are not allowed to bring noneducational materials, including but not limited to, toys, finger boards, cards, radios, tape/CD players, other electronic gadgets, cell phones, cameras, laser devices, and games to school unless requested by the student's teacher and approved by an administrator as a part of instruction. Students who fail to comply will have their items confiscated. The parent will have to come to the school to obtain the item as allowed by the district policies. The school, administrators, faculty, and staff are not responsible for lost, stolen, or confiscated items. Please refer to the District section on *cell phones, personal possessions and electronic device policy* for more information on this matter.

Makeup and Cologne

Due to concerns for the health, safety and well-being of everyone at PUE, students should not wear or bring makeup or cologne to school. If confiscated, these items may be kept until the end of the school year. Parents will have to come to the school to obtain the items.

Tutoring

Parents will be notified when special tutoring programs are available. Information will be sent home with students.

**Poplarville Upper
Discipline Plan 2013-2014**

Individual teachers maintain the right to revoke privileges (recess, activity, field trips, etc.) as a consequence for inappropriate behavior. The following procedures will be used in administering consequences for violation of school rules/regulations, depending on the nature and severity of the offense. Intervention Class consist of restricted campus access, a review of handbook policies, and appropriate assignments for the duration of the placement. This may be used at the administrator's discretion any time the administration feels the student's action warrants such.

Students on step 3 or higher will not be allowed to attend or participate in designated school activities including field trips.

Written discipline reports will be sent home with the child indicating the nature of the offense and the disciplinary action taken. Discipline notices are to be signed by a parent and returned to the teacher/administrator within two days after having been issued. If there is no parent response, the school will consider that the parent understands the actions and consequences.

LEVEL 1 OFFENSES

These behaviors are usually minor infractions that are normally managed by the teacher at the classroom level. However, if a Level 1 behavior continues and/or the teacher's actions are unsuccessful in correcting the behavior, then a Level 1 behavior may, at the teacher's discretion, be upgraded to a Level 2 behavior. Our expectations are for all students to follow the Code of Conduct as outlined in this Handbook.

Upon the occurrence of inappropriate behavior, teachers will conference with students and notify parents of inappropriate behavior. If the inappropriate behavior continues, the student will receive consequences that may include, but will not be limited to, loss of recess, loss of special activities, classroom restrictions, etc. and the parent will be contacted. If this does not correct the inappropriate behavior, a referral to the administration may occur.

These behaviors are either (1) of a more serious nature than Level 1 behavior or (2) Level 1 behaviors that, due to the frequency of the behavior or ineffectiveness of the action taken, have been upgraded from Level 1. POPLARVILLE LOWER ELEMENTARY

Welcome to Poplarville Lower Elementary School. The faculty and staff join me in saying how proud we are to have you as part of our school family. The teachers in charge of your child's educational endeavors have planned for each child to reach their potential and provide a learning stretch.

Parents are a vital importance in the success of a child's education. Research shows that active parental involvement is critical to success in the classroom. Always show interest and take time to ask about their day and assignments. Check book bags for notes and graded papers; please send back any papers that need to be returned. Please feel free to contact the office with questions and concerns. It is important that your child see the school and you working together. Please push for your child's best and never settle for mediocrity. Students need to be responsible for homework, books, book bags, jackets/sweater/hats/gloves and notes from teacher or you; however, we hold you responsible to be on time, drop off and pick up procedures, and having your child ready to learn.

Attendance is perhaps the main component of student success. We do understand sickness and family emergencies but when a child misses instruction it can never be fully recovered. Notes from parents and doctors assure that students have excused absences on their record but the interaction between teacher, student, and peers cannot be made up. By you checking your student's progress on a regular basis we can assure a better opportunity for success.

Our community supports the schools in this district and we also ask that you support the community. It is only through us working together that will help students grow physically and intellectually day-by-day. Our staff is dedicated to ensure that your child will receive necessary skills that will help prepare them for success through the schools grade to grade.

This year will be a wonderful year and it excites the staff and me to be a part of lessons that will be remembered throughout life. I encourage you to visit your child's classroom and teacher as needed throughout the year. I often express to my faculty that I feel like I have the best job in the world and indeed I do! Thank you for trusting us with your prize possession as we strive to impact this world in a positive way!

Kindergarten

In an effort to better determine academic progress of students in kindergarten, Poplarville School District utilizes a Standards-based checklist to indicate students' mastery of skills. The checklist of skills will be used instead of numerical or letter grades. In the classroom, teachers will use checklists, rubrics, student observations, detailed notes, and written assessments to determine student mastery. The Poplarville School District Standards-based checklist includes skills expected to be mastered in kindergarten in English-Language Arts and Math based on the Mississippi College and Career Readiness Standards. Essential skills will be highlighted and must be mastered at 80%. Mastery of a skill is defined as being able to use the skill appropriately 80% of the time. The goal is for all students to gain mastery of the skills so students will be given multiple opportunities to learn skills and to show mastery.

Kindergarten

Students must demonstrate mastery of essential skills in English-Language Arts and Math at 80% AND master at least 80% of all skills in order to be promoted. Non-mastery of one of these subjects will result in retention.

GRADE 1 & 2

Students must demonstrate mastery of the required subjects of English-Language Arts and Math. Non-mastery of one or more of the above subject could result in retention.

Promotion and Retention

The school will consider the educational needs and welfare of each individual student. Considerations will include but will not be limited to:

2. Welfare of the student involved
3. Welfare and best interest of all students attending the school(s) involved

Poplarville Lower Elementary will utilize the following process for retention:

1. Review of student's yearly progress and growth
2. Documentation of parent notification
3. Review of district and state assessments
4. Recommendation of school Promotion/Retention Committee
5. Review of data and concur/denial of retention by leadership team

Membership of the Promotion/Retention Committee will be comprised of the student's teacher, peer teachers, Interventionist, academic/literacy coach, and/or an administrator. The Committee will review the data collection and make a recommendation to the Leadership team. A report will be forwarded to the student's teacher, parent or guardian, and the principal.

Gifts at School

NO GIFTS WILL BE ACCEPTED FOR STUDENTS AT PLE. The delivery of gifts at school, including but not limited to, balloons and flowers, shall not be accepted by school personnel for delivery to students on any day. Please refer the General School Rules concerning gifts (White Section).

“No social party invitations” should be given out to students in classes at school. All students do not understand that everyone cannot be invited and the students that do not get an invitation feel left out.

Student Behavior Expectations and Procedures

The Poplarville Lower Elementary teachers and staff make every effort to ensure that our students are provided an excellent educational environment. Student misconduct disrupts the teaching and learning process. Student expectations and procedures are provided to ensure that every student knows what is expected.

Our school policy is to establish meaningful rules which focus on respect for others and their property, and responsibility for one’s own actions.

1. Line up

At recess, or other large group times, when signaled, students are to walk to their designated area where they are to line up without talking or horseplay. Students are then to follow the instructions of the teacher.

2. Hallway/Sidewalk

Students are to walk on the right side, single file, showing respect for others.

3. Cafeteria Procedures

Students are to walk in a single file line, talk in an inside voice with no talking once you reach the food line. Students are to clean the table area and seat area near them before leaving the cafeteria.

During breakfast, students will place their book bags on the assigned table.

4. Bathroom Procedures

Students are to conduct themselves appropriately showing respect for school property and fellow students by being quiet, orderly and neat. Hands should be washed and exit the restroom in an orderly manner.

Toys at School

1. Students should bring only school related items to school.
2. Students are not allowed to bring non-educational materials, including but not limited to, toys, finger boards, cards, radios, DS/DVD or MP3 players, other electronic gadgets, cell phones, cameras, laser devices, and games to school unless requested by the student's teacher and approved by an administrator as a part of instruction.
3. Students who fail to comply will have their items confiscated. **The parent will have to come to the school to obtain the item as allowed by the district policies.**
4. The school, administrators, faculty, and staff are not responsible for lost, stolen, or confiscated items. Please refer to the District white page section on *personal possessions and electronic device policy (page 29)* for more information on this matter.

Backpacks

1. Because of safety concerns shoes and book bags on wheels are discouraged.
2. Book bags with wheels will not fit in the cubbies in the classrooms.
3. Students at the Lower Elementary have to climb up and/or descend the staircases on campus and the book bags and shoes with wheels could contribute to an accident.
4. NO WATER BOTTLES INSIDE BOOK BAGS.

Dress Code

It is our desire that our school emphasizes a pleasant environment with high expectations in all areas. This includes the appearance of our

students. We expect our students to be in compliance with the uniform dress code. The dress code is described in the General School Rules section, page 11-13, of this handbook. Violation of the uniform dress code will result in the consequences listed under the dress code section of the handbook.

Due to the difficulty that Kindergarten and first grade students have buckling and unbuckling their belts they will not be required to wear a belt as long as their pants, shorts, capris and skirts fit appropriately.

No high heel shoes.

Purses/Makeup/Cologne

Students at the Lower Elementary should not bring purses, makeup, and/or cologne to school. If confiscated, these items may be kept until the end of the year. School administrators, faculty, and staff are not responsible for loss of confiscated items.

Instructional Time

We ask for your cooperation in protecting instructional time at our school. We encourage your attendance at various events and activities at school; however, we ask that you do not take students out of class following these activities until the end of the school day. The student is missing valuable instructional time that can not be made up. Checking out of school early as well as arriving to school late severely impacts the classroom's instructional program and each child's progress. We discourage family vacations that keep students out of school multiple days.

Tutoring

Parents will be notified when special tutoring programs are available. Information will be sent home with students.

Contact information

A current and valid contact number and address must be on file for each student. Any change of address or phone number must be reported to the office immediately. If school personnel are unable to make contact with a parent, a report will be made to proper authorities.

**AWARDS DAY CELEBRATION ASSEMBLY
POSITIVE REWARDS CRITERIA**

Perfect Attendance

Perfect attendance shall be defined and observed as no absences, no tardies and no early withdrawals from school. Exceptions shall be school bus tardies and school sponsored field trips.

Honor Roll

Honor roll is determined by the end of term grades that a student has earned. The Principal's List is awarded to students earning all A's for the final average of the term in each subject. The Honor Roll is awarded to students earning A's and B's for the final average of the term in each subject.

Citizenship and Leadership Awards

Citizenship and Leadership awards are given at the End of The Year assembly.

Individual Academic Awards

1. Students in Grades K, 1 and 2 who earn the highest average in ELA and Math in each class will be awarded.
2. Students who show the highest growth on district wide assessments in Reading and/or Math will receive an award.
3. Classroom teachers will present additional awards in the classroom setting, upon the completion of the Awards Assembly.

DISCIPLINE PLAN

The Lower Elementary has adopted a Discipline Plan of Action in accordance with the MS Code that contains basic rules, rewards, and consequences for the students and expectations for parents and staff.

The entire staff at Poplarville Lower Elementary has the goal of establishing an atmosphere throughout the school in which children will feel safe, secure, happy, and in addition, have a maximum opportunity to learn.

We are confident that you will support us in ensuring a learning environment that is not disrupted by poor student behavior; therefore, your child's teacher

will maintain regular communication with you about your child's behavior. Please make sure that your contact information stays up to date and check your child's backpack daily for notes or other information.

If you do not receive a report or need more information, contact the PLE office or your child's teacher. No news is not necessarily good news.

Poplarville Lower Discipline Plan 2019-2020

The following procedure will be used in administering consequences for violation of school rules/regulations, depending on the nature and severity of the offense.

Behavior Intervention class consists of restricted campus access, a review of handbook policies, and the student's classroom assignments for the duration of placement. It may be used at the administrator's discretion.

A student may be recommended for placement in ISS, or other approved alternative placement any time the administration feels the student's actions warrant such.

Students on step 3 or higher may not be allowed to attend or participate in designated school activities including field trips.

Written discipline reports will be sent home with the child indicating the nature of the offense and the disciplinary action taken. Discipline notices are to be signed by a parent and returned to the teacher/administrator within two days after having been issued. If there is no parent response, the school will consider that the parent understands the actions and consequences.

PLE will use "short" and "long" disciplinary forms. A "short" form is for minor infractions and is handled within the classroom by the classroom teacher. Parents will receive a copy of the form to sign and return. A "long" form is used for continuous minor infractions or major infractions and is handled by an administrator. The administrator will attempt contact via phone and the parent will receive a copy of the form to sign and return.

LEVEL 1 OFFENSES

These behaviors are usually minor infractions that are normally managed by the teacher at the classroom level. However, if a Level 1 behavior is of a continuous, major nature or if the teacher's actions are unsuccessful in correcting the behavior then a Level 1 behavior may, at the teacher's discretion,

be upgraded to a Level 2 behavior. Our expectations are for all of our students to follow the Code of Conduct as outlined in this Handbook.

Upon the occurrence of inappropriate behavior, teachers will conference with students and notify parents of inappropriate behavior. If the inappropriate behavior continues, the student will receive consequences that may include, but will not be limited to, loss of recess, loss of special activities, classroom restrictions, etc. and the parent will be contacted. If this does not correct the inappropriate behavior, a referral to the administration may occur.

LEVEL 2 OFFENSES

These behaviors are either (1) of a more serious nature than Level 1 behavior or (2) Level 1 behaviors that, due to the frequency of the behavior or ineffectiveness of the action, have been upgraded from Level 1. Inappropriate behavior classified or upgraded to Level 2 requires intervention by an administrator. Students exhibiting Level 2 behavior shall be referred to the office by school personnel for administrative action. Level 2 behaviors may be upgraded to Level 3 behaviors due to the frequency or severity of the behavior.

Consequences/steps for inappropriate behaviors are:

- Step 1**
1. Behavior Intervention Class 1 day (if available)
 2. Parent Contact

- Step 2**

Notification of Asbestos Reinspections

TO: Parents and Staff of Poplarville School District

FROM: Carl Merritt, Superintendent

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), in the fall of 1988 we performed inspections of each of our school buildings for asbestos-containing building materials. The inspection findings and asbestos management plans have been on file in each school administrative office since that time.

The EPA requires us to perform reinspections of the asbestos materials every three years. Accredited asbestos inspectors performed these reinspections. An accredited management planner reviewed the results of the reinspections and recommended actions we should take to safely manage each asbestos material in our buildings.

The results of the reinspection are on file in the management plan in the school's administrative office. Everyone is welcome to view these any time during normal school hours (M-F, 8:00 a.m. - 4:30 p.m.). The Asbestos Program Manager, Scott Necaie, is available to answer any questions you may have about asbestos in our buildings at (601) 795-4728.

Child Find:

Are you concerned about your child's speech, learning, behavior or development?

Child Find is a process required by the *Individuals with Disabilities Education Act* (IDEA) to **identify, locate, and evaluate** all children from birth through 21 years of age who may have disabilities and may need early intervention or special education services. It is an ongoing process of public awareness activities and evaluations to ensure children with special needs can receive the help they need to succeed as early as possible. Anyone concerned about a child's speech, learning, behavior, or development can make a Child Find request. A multidisciplinary evaluation team will meet with the family within 14 days to decide if an evaluation is needed. If so, written permission from the child's parent is required before an evaluation is conducted. A multidisciplinary evaluation will involve a series of observations and tests with the child and interviews with caregivers conducted by two or more specialists such as a speech language pathologist, a school psychologist, or a special educator. A written summary of this evaluation will be provided to the family and a meeting will be held to determine if the child needs special services.
